FIFTY-SEVENTH YEAR No. 206

LINCOLN, NEB., FRIDAY MORNING, MAY 29, 1959

SEVEN CENTS

HOFFA'S TOP AIDE ARRESTED

Extort Count Filed O'Rourke Is Named In Indictment Others Accused

Mineola, N.Y. (P) — Three high Teamsters Union officials were arrested Thursday night shortly after a Nassau County Grand Jury had indicted them on extortion and coercion charges. The grand jury returned indictments against a total of 15 individuals.

The union officials in custody included John O'Rourke, the second highest officer in the powerful union, and Joseph DeGrandis, president of the union's big New York Local 266.

The Nassau County Grand Jury began secret hearings 3 weeks ago into alleged racketeering in the juke box and coin-operated machine industry following testimony brought out earlier this year at Senate Rackets Committee hearings.

International V.P. O'Rourke is international vice president of the Teamsters Union headed by James R. Hoffa. O'Rourke also is president of the union's Joint Council No. 16 in New York City.

The 3rd Teamsters Union official arrested was Ernest R. Zundel, secretary and treasurer of the big New York Local 266.

A 4th man taken into custody was identified as Herbert Jacob, president of the Nu-Way Vending Machine Co. of Brooklyn, N.Y.

Both O'Rourke and DeGrandis figured at the Senate Rackets Committee hearings. DeGrandis refused to testify, and O'Rourke's records were subpoenaed along with the records of about a dozen other New York Teamsters Union locals.

Loaned Millions
The Rackets Committee was told during the hearings that the juke box industry had a hand in loaning millions of dollars to gangsters at interest rates running as high as 198%.

O'Rourke, a long-time friend and supporter of Hoffa, was made general organizer of the Teamsters Union last December. He took over the job held until then by Thomas L. Hickey, a New York teamster leader, had opposed Hoffa for the union presidency the year before.

Details of the secret indictments were not disclosed, and those named were not identified until after they had been taken into custody.

Philip Losquadro and Vincent Losquadro, described as brothers, also were under arrest. They were identified as coin machine distributors of Brooklyn.

Nassau County Asst. Dist. Atty. William Cahn headed the investigation. The indictments were handed up late Thursday night to Supreme Court Justice Bernard Meyer.

As the indictments were being handed up, some 30 Nassau County detectives working in pairs scattered over the 5 boroughs of New York City, and over Nassau and Suffolk Counties on Long Island.

Not Frightened
Athens (P) — Premier Constantine Karamanlis said Greece is not frightened by threats Soviet Premier Khrushchev has been making in Albania.

He referred to the Kremlin leader's warnings against setting up NATO rocket bases in Greece.

CESSPOOL GAS NEARLY TRAPS PAIR

A hairbreadth escape from suffocation in a cesspool sent two Lincoln Sanitation Department employees to a local hospital for overnight observation Thursday.

Donald Beaman, 54, of 2500 Orchard, and his son, Earnest Eugene Beaman, 33, R.R. 1, were repairing a cesspool on a farm two miles north of Lincoln on 1st Street, when they were overcome by sewer gas.

The elder Beaman was reported to have gone to the rescue of his son when the latter failed to emerge from the 12-foot tank after a period of time had elapsed. Both men were then overcome by hydrogen sulfide fumes in the cesspool.

They were rushed to a hospital and given oxygen after neighbors came to the rescue and hauled them from the tank. Both were described as "responding to treatment."

Top Detective Post Assigned To Henninger

The promotion of Det. Lt. E. R. Henninger to Captain of Detectives was announced Thursday by Police Chief Joe Carroll.

The promotion is effective June 1. Henninger, 44, will replace Capt. Joe Harbaugh who retired May 15. He will be the department's only detective captain.

Henninger joined the force June 26, 1938, and except for about 3½ years in the Navy during World War II has been on the department continuously. He was promoted to detective Sept. 1, 1947, and to lieutenant Feb. 16, 1954.

One of the department's two lie-detecter operators, Henninger is a graduate of the Keeler Polygraph Institute in Chicago, Ill. He is married and lives at 2320 So. 33rd.

STORM PARES HOMES CROWD

Thursday evening's rain and severe weather warnings thinned to 1,500 the crowd attending the Parade of Homes, and prompted the Lincoln Home Builders Assn. to close the display shortly after 8 p.m.

Officials of the group said that the weather was "definitely a deciding factor" in cutting the size of the crowd. Thursday's attendance brings the overall figure to 18,000.

The show of the 18 homes continues through Sunday. Weekday hours are from 6 to 9 p.m. and Sunday from 1 to 9 p.m.

The Weather
NEBRASKA: Partly cloudy with scattered showers and thunderstorms over most of state; cooler southeast, otherwise no important temperature change. Highs 65 to 75 west and north, 75 to 80 southeast.

-Army Wins- Nike Fund OK'd

AF's Bomarc Total Cut By Committee

Washington (P) — The Army scored a victory over the Air Force Thursday when the House Appropriations Committee slashed funds for the Air Force's Bomarc anti-aircraft missile and allowed the full amount requested for the Army's Nike-Hercules.

The committee, in sending a \$38,848,339,000 defense money bill to the House, said it was cutting funds for the Bomarc to focus attention on the necessity for an early decision by the Pentagon in the air defense missile controversy.

Saying billions of dollars are involved, the pursering group — whose recommendations rarely are overridden in the House — declared "it is time to re-examine what we are getting for our money."

A few hours later, Secretary of Defense Neil H. McElroy told newsmen the Pentagon expects to have a master plan for U.S. air defense ready in a couple of weeks.

Unsuccessful
The Air Force had asked \$447,300,000 for the Bomarc, but the House group axed \$162,700,000 of that total. Just before final committee action, an unsuccessful effort was made to trim another 200 millions earmarked for Bomarc procurement. That would have left only 84 millions for test and evaluation work on the missile.

The Army asked 95 millions for its Nike-Hercules, and every penny of that amount was endorsed by the committee.

The Army-Air Force rivalry over these anti-aircraft weapons has been simmering for some time.

Too Short
The Hercules, which mounts an atomic warhead and can strike at targets 80 to 100 miles away, has been in operation for a year and is replaced at a number of bases. The Air Force contends its range is too short.

An advanced model of the Bomarc made its first, limited range test flight Wednesday from Cape Canaveral, Fla. This weapon, a solid-fuel improvement over an earlier model, is designed to carry a nuclear warhead 400 miles. The Army says it will be at least two years before a significant number of the Bomarc will be installed.

Although the House committee did not come out flatly in favor of the Hercules, it tended in that direction.

Twisters Plow Through Iowa And Wisconsin

By United Press International
A rash of tornadoes swooped across Iowa and Wisconsin Thursday night amidst an almost solid band of severe thunderstorm activity.

Iowa still seemed to have borne the brunt of the storm. It recorded at least two tornadoes, though no injuries or severe damage was known.

Officials at Prairie Du Sac Dam, near Madison, Wis., told of seeing a small funnel pick up several small boats. Several small funnel clouds were believed to have touched down just north of Ripon, accompanied by heavy rain. Another funnel was sighted near Oshkosh.

The pair of hit-run twisters which struck the Spencer, Iowa, area blew a barn off its foundations and a boat and dock out of the water and onto an adjoining farm.

MINISTERS RETURN TO GENEVA

The foreign ministers of the big 4 powers pose on the ramp to their plane at National Airport in Washington just before leaving for Geneva and resumption of their conference table talks on world problems. Left to right are: Christian Herter,

U.S. Secretary of State; Andrei Gromyko, Russia's foreign minister; Couve de Murville, the foreign minister of France; and British Foreign Secretary Selwin Lloyd. (Story on Page 6.)

Twisters Brush State Areas; Thunderstorms, Hail Also Hit

Tornadoes skipped across the state Thursday causing some slight damage, and the conditions which spawned them are likely to remain present in Nebraska through Friday night.

Several tornado clouds were seen near Greeley late Thursday and one reportedly touched down 3½ miles west of town destroying a barn and a small shed.

A tornado struck a field a half-mile north of Wood River at approximately 5 p.m. Thursday. Some minor roof damage was reported, but no other information was available. Wood River is about 15 miles southwest of Grand Island.

A funnel cloud traveling in a northeasterly direction from Milford toward Lincoln Air Force Base was reported by the Base Weather Tower Thursday night. However, it dissipated before reaching the ground, observers said.

The funnel was spotted during a rain storm which brought Lincoln another half inch of rain Thursday night and brought the May precipitation figure to 8.53. Other Nebraska stations measuring the following rainfall between Thursday noon and midnight were Scottsbluff, .31; Omaha, .79; and Chadron, .05.

One-Inch Hailstones
Rain and hail stones up to one inch in diameter were reported in Grand Island at 6 p.m. Thursday.

A funnel cloud was reported seen near Cairo, just west of Grand Island, and still another was sighted just south of Grand Island's Fanner Park. This latter funnel dissipated and went back up into the clouds, however.

A spot check of eastern Nebraska towns revealed light to moderate rain and scattered hail.

Anticipated local flooding of the Elkhorn River tributaries from Norfolk to West Point failed to materialize late Thursday. Heavy rains around Madison and over an area 25 miles south and southeast of Norfolk had been expected to cause the flooding.

Wahoo Hail

Light rain was reported at Beatrice while a five-minute hail storm three miles southeast of Wahoo produced hail stones the "size of marbles," according to Wahoo police. About one-half inch of rain accompanied the hail, it was reported.

Light hail and .80 inches of rain were reported at Tecumseh by police. There was no noticeable rain in the Nemaha River they said.

Marysville, Kan., was expected to bring rain to Falls City where heavy thunder and lightning was reported.

More Of Same
The Nebraska forecast calls for continued partly cloudy to cloudy skies Friday and Friday night with scattered showers and thunderstorms. No important temperature changes are seen. Highs Friday are expected to range from 65 to 75.

The North Platte Valley's first hail storm of the season whipped the city of Scottsbluff for about 6 minutes Thursday afternoon, dropping hail stones the size of big marbles.

Preliminary investigations indicated the worst of the storm was concentrated on the city, but Great Western Sugar Co. representatives immediately head into the country to see what damage had been done to young sugar beets, which could be particularly vulnerable at this time.

Omaha Pelted
Hail cut across Ralston, the central part of Omaha and Council Bluffs Thursday morning, but did little damage.

Lincoln Air Force Base recorded the state high Thursday with 92. Lincoln's high was 89. Low for the state was recorded at Chadron, where 42 was recorded. The capital city had a low Thursday of 72.

Bill In Works Seeking Half-Month Payrolls

By Betty Person
A bill which would make it possible to pay state employees twice monthly, rather than the present method of once a month, will be introduced in the Legislature next week at the request of Gov. Ralph Brooks.

Sens. Hans Jensen of Aurora will sign the bill for purposes of introduction. Other senators also may sponsor the bill, according to Robert Conrad, administrative assistant to the governor.

Brooks noted that for several weeks a study has been under way "at the principal instance of our able State Treasurer Richard R. Larsen" to evaluate salary-paying procedures of the State of Nebraska.

"As a result of that study," Brooks continued, "it is believed that the convenience of the employees and the best interests of the state can be served economically by paying state employees on a semi-monthly basis."

Bill Changes Needed
The governor said if the bill is adopted, it would amend every existing statute which specifies that certain officers and employees are to be paid on a monthly basis.

He said he was "confident" that these amendments to the two budget bills could be inserted during the Legislature's floor consideration of the measures.

Larsen told The Star he has made a thorough investigation of the practices of other states in payroll methods and that a great number of them now are paying their employees on a semi-monthly basis.

The weather bureau reported .22 of an inch of precipitation during the storm.

County agent George Hamilton said corn also could be damaged.

The ship was expected to reach San Juan Friday morning.

Abled Baker will be flown to Washington, D.C., probably Saturday. There they are expected to receive a rousing welcome at a news conference of the National Aeronautics and Space Administration (NASA).

NASA cooperated with the Army and Navy in sponsoring this space shoot. The space administration used it to gather data for its man-in-space program.

Radiation
Electronic instruments radioed back information on how the monkeys reacted during the 15-minute flight. NASA primarily is interested in how Able and Baker reacted to radiation and the 9-minute weightless period they were subjected to.

Initial information indicated they suffered little if any ill effects.

Several tiny samples of animal and vegetable matter also were stocked in the nose cone for a further study of cosmic rays and weightlessness. Included were specimens of corn, yeast, mustard seed, fruit fly larvae, human blood, bread mold spore and the eggs and sperms of sea urchins.

Officials said it probably would be several weeks before the affects on the matter could be evaluated. Scientists were ready to study the monkeys and matter as soon as they arrived in Puerto Rico.

Important
Information received from the tests will be vitally important to the "Mercury Astronauts," the 7 men now training to be the first U.S. space travelers. One of the 7 is expected to be fired into orbit in 1961.

A NASA official expressed disappointment that a major objective of the Able monkey was not achieved because of a telemetry failure.

—Heroines Rescued— Space Riders Alive And Well

U.S. Fires Two Monkeys 300 Miles High, Returns Them; Manned Hop Nearer

Cape Canaveral, Fla. (P) — The United States Thursday fired two monkeys 300 miles into space and brought them back alive and well. The spectacular recovery was an important step toward putting a man in space.

The two female monkeys—named Able and Baker—are the first animals this country has retrieved alive from a space flight.

Navy frogmen helped hoist the nose cone and the nation's new space heroines from the Atlantic at 4:08 a.m. (EST).

Only one hour and 33 minutes earlier the monkeys streaked from Cape Canaveral perched in a powerful Jupiter missile.

The intermediate range rocket hurled the payload into space at blinding 10,000-mile-an-hour speed and dumped it in the ocean some 1,500 miles away in just 15 minutes. The impact area was about 40 miles north of Antigua.

The fleet tug USS Kiowa, a Navy recovery ship, discovered the nose cone and plucked it from the sea. Some 4 hours later a medical officer aboard the ship messaged the good news:

"Able, Baker perfect. No injuries or other difficulties."

Delayed
Difficulty in opening passenger compartments of the nose cone and a communications mixup delayed announcement that the monkeys were alive. It was reported 3 hours earlier that the nose cone had been recovered.

Thursday night, the Kiowa steamed toward San Juan, P.R., with the monkeys and vegetable and animal matter taken from the giant nose cone.

The ship was expected to reach San Juan Friday morning.

Able and Baker will be flown to Washington, D.C., probably Saturday. There they are expected to receive a rousing welcome at a news conference of the National Aeronautics and Space Administration (NASA).

NASA cooperated with the Army and Navy in sponsoring this space shoot. The space administration used it to gather data for its man-in-space program.

City Sending Courtesy Reminders On Taxes

By Virgil Falloon
Courtesy notices to remind Lincoln residents of delinquent real estate taxes are now being mailed out by City Treasurer Frank J. Miller.

This is the first year the city has sent notices in a concentrated effort to notify people whose taxes are long delinquent.

Miller said the notices are not required, but the present effort "is just good business."

Demos Tie Into Strauss

Morse Raises A Filibuster Threat

Washington (AP)—Sen. Wayne Morse (D-Ore) Thursday night raised the threat of a filibuster to prevent confirmation of Lewis L. Strauss as secretary of commerce.

He told the Senate he stood ready to exercise his rights as a senator to "do whatever is necessary to prevent this enemy of the American people from ever being confirmed."

Morse voiced his threat as Sen. Clinton P. Anderson (D-NM) said that the Commerce Patent Office, under Strauss' direction, refuses to make available atomic patent applications to the Joint Senate-House Committee on Atomic Energy.

Anderson said the committee's efforts to "take a peek" at the patent applications were made in connection with its consideration of legislation to extend the compulsory licensing provisions of the Atomic Energy Act.

Access Denied

These efforts, he said, ended, "at least temporarily," with a letter from Strauss, dated May 20, denying access to the patent applications.

Anderson said Strauss is trying to freeze out Congress from "a proper review of his activities when, and if, he is confirmed."

Morse, asserting he was speaking with "great restraint," said Strauss' refusal proves him to "be an enemy of the democratic processes under our democratic system of government."

He said Strauss was hiding behind so-called executive privilege to "follow what amounts to a police state technique."

Strauss came in for a fresh barrage of criticism from Democrats earlier in the day—a week before the Senate is scheduled to start deciding whether he should be confirmed in his post as secretary of commerce.

Shriner Rites To Draw 1,500; Parade Slated

Some 1,500 Shriners are expected to attend the Sesostri Temple ceremonial Friday in Lincoln.

The traditional downtown parade will be at 2 p.m. with Shrine ritualistic work following at 3 p.m. in the Pershing Municipal Auditorium.

Some 100 candidates are to be initiated at the ceremonial, according to Recorder R. J. Cederdahl.

Potentate Donald S. Bergquist noted that a special evening program is being included for the first time at the auditorium.

Shrineorama

It will include a "Shrineorama," featuring the Shrine bands, patrol, chanters, and motor corps, and a dance for the Shriners and their wives beginning at 9 p.m.

Cederdahl said Shrine officials from Omaha, Hastings and Sioux City and approximately a half-dozen Shrine Clubs from over the state are expected.

Hoover Honored

Washington (UPI)—FBI director J. Edgar Hoover received a solid gold replica of a heart in recognition of his designation as "the humanitarian of the year" by Variety Clubs International.

Pastor Speaks At Salvation Army Dinner

Dr. C. Vin White told some 40 persons attending the Salvation Army's annual advisory board dinner Thursday evening that "In Lincoln the Salvation Army has been one of the good investments made by the community chest."

"One of the secrets of the success of the Salvation Army and its work is that it accepts people as people first and deals with them in terms of the needs they have," the First Presbyterian pastor said.

Dr. White also complimented the organization on having "been a leader in breaking down barriers in society and between nations."

Members of the advisory board for the coming year are: William Haydon, chairman; Merle Hale, vice-chairman; Carl Dvoracek, treasurer; and Mrs. Genie McGlasgow, secretary. Only Dvoracek was newly elected.

New board members are Mrs. Wayne Cooper, Forest Eno, Robert Durrie, E. A. Frerichs, Mrs. Harriet Hallett and Ted Thompson.

The dinner was held at the Pentzer Park Center.

State Trooper In Ticket Tiff Resigns Post

Virgil Kaminski, Nebraska highway patrolman from Randolph, telephoned his resignation to Col. C. J. Sanders Wednesday, and cited "general conditions within the Patrol" as reasons for his resignation.

"I just don't like the way things are going," Patrolman Kaminski said.

Patrolman Kaminski, who had served with the Patrol for 4 years, said he had spent most of that time working with Patrolman Leroy Hottelwalker at Randolph. He was serving there with Hottelwalker when the latter ticketed Capt. E. L. Schottler and another officer for driving a car with fictitious license plates.

Touchy Transfer

Shortly after the incident, Patrolman Hottelwalker was transferred, and Capt. Schottler was also moved from the Fremont headquarters to the Norfolk headquarters.

Recently Patrolman Kaminski was transferred to the Norfolk headquarters. Asked if Schottler's transfer had anything to do with his resignation, Kaminski said that it was "one of the main reasons" for his withdrawal from the Patrol.

The much-publicized Hottelwalker incident was also cited as the reason for the resignations of Patrolmen A. E. Bligh of South Sioux City and Andy Neilsen of Lyons two months ago.

4 Remaining Dionne Quints Have Birthday

Montreal (AP)—The 4 remaining Dionne quintuplets met briefly to celebrate their 25th birthday.

Cards and telegrams from all over the world have been pouring into Montreal to the quintuplets, now separated by marriage.

The 5th quint, Emilie, died at the age of 20.

Book People Gather

Vienna (AP)—Six hundred book people from 26 countries, meeting here at the convention of the International Publishers Union, are campaigning for an annual world wide Book Festival Week.

Oregon Bound Via Different Trains

Headed for Oregon are these two leaders, but via different trains. At left is Gordon "Tex" Serpa of Ashland, Ore., wagonmaster for the Oregon Centennial wagon train, and at right is Sidney, Neb., band director George Hinn, whose 105-piece marching band leaves for Portland, Ore., Rose Festival in June. In the uniform is band member Jack Bishop. Serpa presented Hinn with the official song for Oregon's Centennial year, "You're in Oregon, My Friend." Just off the presses, the song has not yet been heard in Oregon—but the Sidney band will be playing it by the time they arrive in Oregon. The Oregon Centennial music was presented when the wagon train paused near Bayard to visit two famous Oregon Trail landmarks, Court-house and Jailhouse rocks. Thursday the train camped 6 miles west of Torrington, Wyo. (Photo Special to The Star)

Miller said he hopes to make the sending of courtesy notices on back taxes an annual project.

Killian Quits His Post As Ike Adviser

Kistiakowsky Named Washington (AP)—Dr. James R. Killian Jr., Thursday resigned as special assistant to the President for science and technology, a post he has held for a year and a half.

President Eisenhower named Dr. George B. Kistiakowsky, 58, Russian-born chemistry professor, to succeed Dr. Killian.

In an exchange released by the White House, Killian attributed his resignation to "compelling personal reasons" about which he said the President had been warmly understanding. He will return to the Massachusetts Institute of Technology from which he has been on leave. He was named chairman of the corporation of MIT last December.

In a letter expressing sorrow at Killian's departure, Eisenhower said Killian had made "a highly significant contribution."

Dr. Kistiakowsky was born Nov. 18, 1900, in Kiev, Russia. He enlisted in the White (anti-Communist) army in 1918 and served two years. After being interned in Turkey and the Balkans he made his way to the University of Berlin, where he studied from 1921-25 and received his Ph.D. degree.

Bolivia Envoy's Granddaughter Is Found Dead

Asuncion, Paraguay (UPI)—The body of the baby granddaughter of Bolivian Ambassador Luis Arduz Daza was found in a cistern within the embassy grounds.

The discovery of the body of two-month-old Maria Becar, who had been missing since last Sunday and was believed to have been kidnapped, ended a nationwide police search.

Ambassador Daza had expressed a strong belief that the disappearance was an act of political revenge. Police questioned many of the 300 Bolivian political exiles living in the city but found no clues.

Police also worked on the theory that the case could be a family affair since the Ambassador's daughter and mother of the baby has been separated for some time from her husband, Carlos Becar, who lives in Cochabamba, Bolivia.

Oregon Bound Via Different Trains

Headed for Oregon are these two leaders, but via different trains. At left is Gordon "Tex" Serpa of Ashland, Ore., wagonmaster for the Oregon Centennial wagon train, and at right is Sidney, Neb., band director George Hinn, whose 105-piece marching band leaves for Portland, Ore., Rose Festival in June. Grandsinger Gets 2 Years In PO Theft

Sioux Falls, S. D. (AP)—Lloyd Grandsinger today was sentenced to serve two years for the 1954 Wewela, S. D., post-office burglary that set off events which once put him in Nebraska's death row.

U. S. District Judge George T. Mickelson ordered that Grandsinger begin serving the burglary sentence in a federal institution on completion of a three year term Grandsinger now is serving in South Dakota State Prison for car theft.

Grandsinger, brought into court in prison denims and handcuffs, winced slightly at Judge Mickelson's order. The 26 year old Colome, S. D. man has served only a few months of the state term.

Grandsinger's court appointed attorney, Lyle Wirt, asked leniency for his client. He said Grandsinger had been punished by many months in the Nebraska death cell where he was held for the death of Nebraska Patrolman Marvin Hansen shot to death at a road block set up for Grandsinger and his brother Leon after the Wewela burglary.

Adjustment Problems

Wirt said adjustment for Grandsinger after he was acquitted in Hansen's death in a retrial last winter was worse than death row.

Grandsinger was overwhelmed with the tension and neighbors or friends insisted on buying him a drink or wishing him well.

The car theft for which Grandsinger is now serving time reportedly followed a drinking party near Burke, S. D.

Judge Mickelson told Grandsinger he should be everlastingly grateful to the Almighty and the people of Nebraska who rose to his defense. Grandsinger replied that he appreciated the help.

Maximum sentence for the burglary count is five years and \$1,000 fine. The burglary netted \$29.18 plus approximately \$400 in merchandise taken from the building in which the post office was housed.

Acquitted

Manchester, N.H. (AP)—A jury in Hillsborough County Superior Court acquitted Reginald Gerbert, 34-year-old Hillsboro wood cutter, of the "peeping tom" slaying of Austin J. Hogan, 23, Nashua bread truck driver.

The jury deliberated 3 hours and 20 minutes.

Hogan was shot when Gerbert sought to frighten him away after finding him staring at Gerbert's half nude wife, taking a sponge bath near a window. The defendant, charged with manslaughter, said the gun discharged accidentally.

Wide Assortment Of Events Slated For Wesleyan Alums

Alumni of Nebraska Wesleyan University have a full round of activity planned during the 70th annual Commencement week.

Alumni activities will begin with the President's Garden Party at the residence of Dr. and Mrs. Vance D. Rogers, 5535 Madison, between 3 and 5 p.m. Sunday, and will end with commencement exercises the following Tuesday noon.

The initial meeting of reunion classes of 1909, 1919,

1934, 1949 and 1954 will be at the Garden Party. Members of the Alumni Council will meet in the president's home at 4 p.m.

An annual meeting of the association is scheduled for 8:30 a.m. Monday. Class reunion luncheons will be held in the Wesleyan dining rooms Monday noon.

Pool Ceremonies

In addition to open houses and conducted campus tours, alumni have been invited to participate in the dedication of Ira J. Taylor swimming pool at 2 p.m. Monday.

The annual Alumni Banquet is scheduled for First Methodist Church Monday night. Katherine Boeye Ward, '22, retired Methodist missionary and widow of Methodist Bishop Ralph A. Ward will be main speaker.

Introduction of new officers for 1959-60 and announcement of the Outstanding Senior Award winner for 1960 will highlight the program.

Old Timers

Members of the principal honor classes of 1909 and 1934 will march in the commencement procession Tuesday morning.

Members of the 50-year class will march with the president's party to the platform where they will be presented 50-year diplomas.

They also will be feted at a "Golden Grad" luncheon, hosted by Dean of Women Ethel Johnson and Alumni Director Bill Hill.

The dead pilot was identified as Lt. James C. Steele, whose wife is the former Wilma Moore of Rt. 5, Harrisburg, Ky. Steele's mother, Mrs. Vera C. Steele, lives at Long Meadow, Mass.

The dead airman was Charles E. Porter of Attack Squadron 176. His wife lives in Jacksonville.

Six planes were destroyed or damaged in the mishap.

5 Teenagers Ruled Guilty In Slaying

New York (AP)—A general sessions jury Thursday night found 5 teenagers guilty of first degree manslaughter in the fatal beating of Julio Ramos, a Cuban, in east Harlem, last Memorial Day.

The youths face up to 20 years imprisonment. They hung their heads as the jury foreman announced the verdict. The jury deliberated about 13 and a half hours.

Judge Mitchell D. Schweitzer had turned the case over to the jury of 11 men and one woman Wednesday. The trial began March 30.

The defendants were Frank Monti, 18, Norbert Belbo, 19, Louis (Buster) Camp, 17, George (Clem) Clemente, 17, and Alfred Catino, 18.

They were tried for the fatal beating of Julio Ramos, 24, who had come here from Cuba several months earlier. Ramos was sitting with a girl in Harlem's Jefferson Park when he was set upon by members of a gang called the Red Wings.

Tropical Storm Warnings Issued

New Orleans (AP)—The Weather Bureau warned Thursday night tropical storm Arlene is developing in the Gulf of Mexico, about 300 miles southeast of New Orleans, and moving in a northwesterly direction.

It said the squally area was expected to increase in size and intensity during the night, building up to winds around 50 miles per hour in squalls by early Friday.

The warning said:

"Hoist gale warnings from Morgan City, La., to Pascagoula, Miss.

"Winds are expected to increase in the area of gale display to 40-50 miles per hour in squalls Friday with rough seas and tides running 2-4 feet above normal."

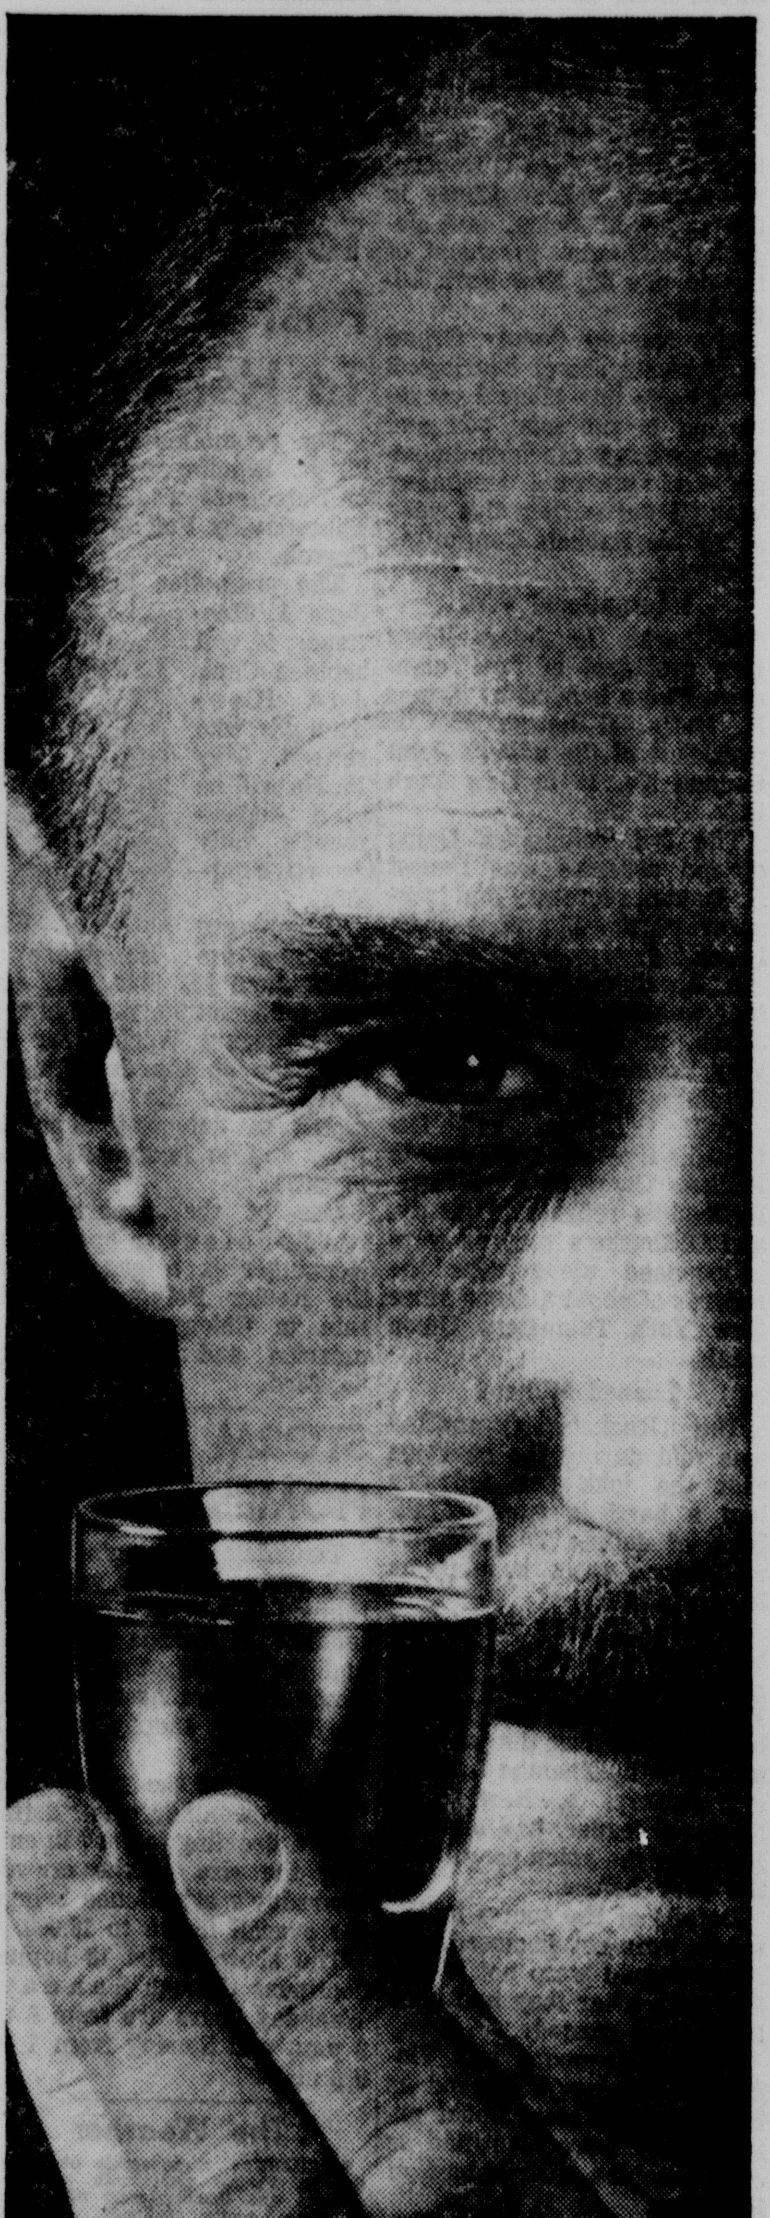

Swept Up

New York (UPI)—A 70-year-old woman was swept into the brush of a Sanitation Department street cleaning machine as she crossed a Brooklyn street in mid-block.

Police said the woman, Concetta Miranda, apparently did not see the street cleaner as it moved along the curb. A crane had to be brought to the scene to release the woman from the cleaner's brushes.

She was reported in fair condition in Wyckoff Heights Hospital.

Federal Aid To State's Schools Nearly Triples

Federal funds for Nebraska schools under the National Defense Education Act have been nearly tripled for the present school year, F. B. Decker, state commissioner of education, reported Thursday.

Decker said a supplement-

School Here May Match Only Portion

Lincoln's school system probably won't be able to match all of the \$53,562 in federal education aid funds allocated to it, a school official said Thursday.

David Sell, assistant superintendent in charge of business affairs, estimated that due to the small size of the school system's bank account as the 1958-59 fiscal year ends, only about \$35,000 of the federal money can be matched.

Lincoln, like other school district applicants in Nebraska, is to receive about 3 times as much money as was anticipated.

The federal grant must be used for contracts signed by July 1, beginning of the new fiscal year, and local matching money must come out of the 1958-59 budgets.

"We're not going to buy things we don't need," Sell said, adding that several projects already underway will benefit from the funds that are made available.

Some of the projects Sell listed are:

Remodeling of 4 biology classrooms at Lincoln High and Lincoln Southeast.

Setting up science rooms and other aids in junior high schools.

Purchase of visual aids and reference material for math courses.

Construction of foreign language labs at Lincoln's high schools.

"We would have done this anyway," Sell said, "but the federal money will sure help."

Two Plastic-Bag Deaths Reported

San Francisco (UPI)—Authorities Thursday reported two more deaths in northern California that were caused by plastic bags.

Sheriff Allen B. Cottar of Siskiyou County said the death of 8-months-old Sarah Jean Alexander on Tuesday at McCloud was caused by plastic that had been used to cover her mattress.

In San Francisco, police found the body of a man identified as Manuel Gonzalez, about 50, who apparently had killed himself by placing a plastic bag over his head and tying it tightly around his neck.

Ricky Nabbed

Encino, Calif. (UPI)—Ricky Nelson, teen-age singer and actor, got a ticket for speeding in his foreign car.

Ricky, 19, said he was following his father's car when a patrolman stopped him for going 50 miles an hour in a 35-mile zone.

"I can't wait till I grow up so I can wear short pants!"

Blaze Damaged Greek Freighter Remains On Reef

Puerto Esperanza, Cuba (AP)—The Greek freighter Aghios Spyridon—damaged by an explosion and fire—remained stuck on a reef 6 miles off this northwest Cuban port. Crew members and Cuban naval units were working to refloat her.

A storm swept the freighter onto the reef and a boiler exploded, starting a fire board the 7,214-ton vessel.

The ship's carpenter was killed in the blast. The other 28 crew members were taken off by boat. The fire was brought under control but there was no estimate of damage.

The ship's agents, Hasler & Co., said at Norfolk, Va., that the vessel was en route to Tokyo from Norfolk carrying a cargo of scrap iron.

1959 — the current school year — which ends June 30. Another \$560,132 will be made available to Nebraska public schools on July 1, 1959, for the fiscal year 1959-60.

"Thus Nebraska schools will benefit by over a million dollars by the end of the second year of the 4-year program," Decker said.

The State Department of Education has received 126 applications from public schools for the first \$448,106 before the May 22 closing date, Decker said.

Of this number, 100 have qualified and 12 are being held pending further information.

In order to receive a share of the funds under the National Defense Education Act, schools must meet eligibility requirements. Decker said they could easily be met by those public schools which are now providing an adequate program in science and mathematics.

Each of the public schools which have met the requirements will be eligible to receive \$10.90 per student enrolled in grades 9-12. Eligible junior colleges are eligible for the same amount.

In order to use the federal funds, each public school district must match the federal money on a minimum 50-50 basis with local money, Decker said.

Schools qualified and eligible for the \$10.90 per student aid are:

Public junior colleges: Fairbury, McCook, Norfolk, Scottsbluff, Kearney, Nebraska City, Alliance, Alma, Arapahoe, Atkinson, Aurora, Bassett (Rock County), Bayard, Beatrice, Beemer, Bellevue, Blair, Bloomfield, Bradshaw, Bridgeport, Broken Bow, Burwell, Cambridge, Central City, Chadron, Chester, Cozad, Crete, Dakota City, David City, Dunbar, Elm Creek, Fairbury, Falls City, Franklin, Friend, Fullerton, Gibbon, Genoa, Gering, Gothenburg, Grant (Perkins County), Guide Rock, Hastings, Hay Springs, Hemingford, Holdrege, Hooper, Humboldt, Hyannis, Imperial (Chase County), Johnson, Kearney, Laurel, Leigh, Lexington, Lincoln, McCook, Mitchell, Morrill, Nebraska City, Neligh, North Bend, North Platte, Ogallala, Omaha, O'Neill, Ord, Osceola, Oshkosh (Garden County), Osmond, Oxford, Plainview, Plattsmouth, Ponce, Potter, Ralston, Randolph, Red Cloud, St. Paul, Schuyler, Scottsbluff, Scribner, Seward, South Sioux City, Stanton, Stromsburg, Superior, Sutherland, Sutton, Syracuse, Taylor (Loup County), Tecumseh, Tekamah, Valentine, Waco, Waverly, Wayne, Weeping Water, West Point, Winslow, Wisner, Wood River and York.

Defense Budget Cut By House Unit

... Blast Directed At Pentagon Bickering

Washington (AP)—The House Appropriations Committee blasted at Pentagon bickering Thursday, cut \$399,861,000 from new defense funds and sided with the Army in the latest Army-Air Force missile dispute.

The threat of Soviet aggression is expected to worsen, the committee said as it recommended \$38,848,339,000 in new funds for the Army, the Navy and the Air Force for the fiscal year starting July 1. The cut thus amounted to just over 1%.

Floor Debate Soon

In a bill sent to the House floor for wide open debate next week, the committee put dollar emphasis on missile development, anti-submarine warfare and strategic bombers. It called the latter a potent deterrent to aggression because of its ability to strike back destructively.

The committee told President Eisenhower it would not quibble over the added cost if he decided to keep some of the big bombers in the air around the clock to prevent them from being destroyed on the ground by a sneak attack.

"The nation must always be prepared for the worst," it said, since "the international ballistic missile era is now upon us."

But it added a belief that "the edge still rests with the strategic air capability of the

—Crop Supports—

Ceiling Of \$50,000 Is Approved

... By Senate Group

Washington (UPI) — The Senate Appropriations Committee voted to slap a \$50,000 ceiling on price support benefits to individual farmers on 1960 crops. The action was expected to boil over in a hot Senate floor fight next week.

The committee took the action in approving a bill carrying more than \$4,700,000,000 (B) for Agriculture Department spending and loans for the new fiscal year beginning July 1. The total was nearly \$106,000,000 less than President Eisenhower sought.

The bill was about \$36,300,000 larger than the previously approved House version. Sen. Richard B. Russell (D-Ga.) said most of the increase was in funds for the soil bank conservation reserve.

Russell said the \$50,000 price ceiling was approved after Sen. John Stennis (D-Miss.) lost out in an attempt to substitute a milder limitation. The vote was a 6-6 tie.

3 Soldiers Accused In Bank Holdup

Jackson, Mo. (UPI)—Three soldiers on leave were charged Thursday with the \$17,481 holdup of the Bank of Advance, Mo., but police still were after a 4th man and most of the money.

All 3 of the captured men were on leave from Ft. Campbell, Ky. They were identified as Sgt. James A. Foy, 25, Trenton, N. J.; Pvt. Walter S. Nicholson, 23, Livermore, Calif.; and Pvt. Robert Lee Hager, 20, Fornefeld, Mo.

Hager was arrested at his home and Foy was picked up in the same area later.

Nicholson, the first to be captured, was picked up at Cairo, Ill., after an Arab, Mo., waitress furnished the license number of a car in which the men were seen riding noon-day.

Police said Hager had \$4,700 in his possession when arrested and Nicholson had \$100.

Services Told To Stop Rowing With Congress

Washington (AP)—Secretary of Defense McElroy disclosed Thursday he has admonished the services about rowing with Congress in matters such as the Army's protest over proposed cutback of its Nike-Hercules missile program.

Without saying with which individuals or services he had talked, McElroy told reporters that "I explained that rowing with our friends on the Hill is not the best way to get a program adopted."

Army spokesmen last week declared that the action of the Senate Appropriations Committee in cutting funds for additional Hercules launching bases endangers the security of the country.

Costs Of Confinement

By WILLIAM O. DOBLER

Most of the time questions and problems dealing with crime are centered around the meting out of justice. Those who take advantage of the laws for what appears to be an unfair advantage often arouse our senses of right and wrong. Also, our emotions are disturbed when the law seems to have taken a wrong turn and people are unjustly hurt.

It has only been in recent years that we have begun to look beyond the initial administration of justice.

Beyond The Sentence

No longer are we able to confine our interests to the apprehension of the criminal and the passing of sentence upon him. Now we are looking beyond this point to the serving of this sentence on the part of the convicted and many problems are being discovered. The House has just taken an action to help solve a part of the problem of the Federal Bureau of Prisons. A \$2 million allocation was approved by the House for construction of a new federal maximum security prison.

This, it is believed, would make the down payment on the estimated \$9,875,000 Alcatraz-type facility. This may cause you to conjure up in your mind a rather bleak picture of mounting crime and corruption and general deterioration of the human race. In some respects, of course, this would be a true picture as it is a big part of the problem, but there is another side.

It is a side, incidentally, which Nebraska faces in many respects with the current problem of finding a new Penitentiary warden. This is the side which is concerned with prevention after the fact, so to speak. It is something like locking the barn door after the horse has been stolen.

But the thing is that the thief has not stolen all the horses. By the time a man lands in a federal prison, or any prison, he has gone over the hill and nothing can be done to make his past right. But there is a possibility of doing something about the man's future. This is why the House action is important and why the federal bureau is worried.

Their concern relates to plain overcrowding within the federal prison system. Since 1940, no major institutional facility has been built or added to the federal prison system. At the same time, both major crime and apprehension of criminals have substantially increased. Also up is crime among youthful offenders.

That situation does not fit in with increased emphasis on rehabilitation or probation. It has resulted in overcrowding and its accompanying ills. These are such ills as the placement of all types of prisoners together without facilities for separation of the young from the old or the first and minor offenders from the hardened and habitual criminals.

Thus, an inmate who may have shown promise under a good rehabilitation program ends up coming out of prison in worse condition than when he entered. The influences that play upon him are more than he is able to withstand and he finds it impossible to become a constructive part of society.

Also, such overcrowding tends to create disorder within an institution. Familiarity breeds contempt, they say, and this is every bit as true in a penitentiary as it might be anywhere. Cramped conditions create nervousness among the prisoners, bring on short tempers and lead to periodic violent outbursts. Nebraska knows what these outbursts cost in terms of both human life and state property. Thus, the House appropriation is a start toward a building program that can be a direct financial savings to all taxpayers and, also, provide the human kind of treatment that makes it possible to save a man from future years of waste and suffering.

This is how Nebraska is going to have to look at the problem, too, when it completes arrangements for securing a new warden. If the right man calls for more money, it is a sacrifice we have little choice but to make. It is not in the realm of dogoodism where one simply chooses to close his eyes to reality. It is reality itself in the true sense of the word.

High Cost Of Riots

When this column reported that Ike's White House costs had doubled those of Truman, there were denials on Capitol Hill. However, a study made by the Library of Congress, based on Budget Bureau figures, shows that Truman's costs in 1952 were \$3,021,215; Eisenhower's for 1950 will be \$5,401,000.

Care and upkeep of the White House and grounds in the last year of Truman were \$335,000; the same costs under Ike for 1959 were \$515,000. Salaries and expenses of the White House staff total \$2,052,000 for 1959 under Eisenhower, which is \$168,000 more than under Truman in 1952, and incidentally seven times as much as under Roosevelt in 1940.

"In addition," states the Library of Congress report, "\$1,500,000 has been requested for fiscal year 1960 for the services of 101 persons hired for special White House projects. This staff gives assistance to the President on particular problems of public policy.

The present White House budget of approximately \$5,000,000, says the Library of Congress study, "does not include the numerous agencies which act in an advisory capacity to the President." Apparently the White House has received substantial payments, but they were payments proportionate to the extensiveness of the operation, and not representative of a better deal for the big farmer than the little one. Congressional logic in placing a ceiling on payments would be equivalent to a determination to cut payments to a major defense industry because large production earned a large check.

But the Farm Bureau could have left unsaid its gospel that a continued lowering of price supports will solve the problems of the large and small producers.

Though non-compliant producers, of which the large producers are in high proportion, seem to have prospered better in years past than compliant producers, it must be admitted that their unfettered production was rewarded in a market whose prices were sustained by the price-supported acreage-restricted compliant producers. When price supports no longer peg the market the non-complier is going to find his beneficial position gone.

thing which often needs prodding and government is no exception.

The study by the state group will begin in the purchasing department, now headed by Democrat A. Clifford Anderson. There is meant to be no insinuation in this that things within that department are any more in need of study than they might be elsewhere. But the study has to start some place and purchasing does happen to be one of the places in government where abuses are most common. The abuses may not involve anything really illegal but it is an easy place in which one can fall into wasteful and inefficient practices.

The study, also, will be a valuable aid in connection with a possible state constitutional convention. If such a convention is held, the work of this committee will be a most valuable tool for the preparation of a new constitution. It will fit in well, also, with studies that are likely to be made by the Legislature of the State Railway Commission and the State Highway Department. And it might be most valuable in the settlement of the current controversy over the merits and shortcomings of the Board of Control. If the kind of job that is needed and expected is done by the committee, an important service will have been rendered.

Going Too Far

When the automobile replaced the horse and buggy it was considered progress. It was the same when the electric light took over for the candles and gas jets and the automatic washer for the old but still used wringer types. But the modern drive for color has now made a hard-to-accept dent in a love of many years. Due to the common use of bright colors on all cars and trucks, the report now is that fire trucks are going to white instead of red.

"Nobody's Shoving, Chum"

DREW PEARSON

White House Costs Ever Growing Item

WASHINGTON — The soaring cost of running the White House under Eisenhower as compared with Truman has now been made official by the House Appropriations Committee, as a result of prodding by Congressman Jack Shelley of San Francisco, the Democrat who also gets elected on the Republican ticket.

When this column reported that Ike's White House costs had doubled those of Truman, there were denials on Capitol Hill. However, a study made by the Library of Congress, based on Budget Bureau figures, shows that Truman's costs in 1952 were \$3,021,215; Eisenhower's for 1950 will be \$5,401,000.

Care and upkeep of the White House and grounds in the last year of Truman were \$335,000; the same costs under Ike for 1959 were \$515,000. Salaries and expenses of the White House staff total \$2,052,000 for 1959 under Eisenhower, which is \$168,000 more than under Truman in 1952, and incidentally seven times as much as under Roosevelt in 1940.

"In addition," states the Library of Congress report, "\$1,500,000 has been requested for fiscal year 1960 for the services of 101 persons hired for special White House projects. This staff gives assistance to the President on particular problems of public policy.

THE NEIGHBORS SAY

Pheasants In First Flight

By MONA B. PARKER

The Game Commission stocked one Geneva pond with 500 bullheads, and Howard Hamilton of the Signal staff caught one-sixth of those 500 in one afternoon.

"Those fish were so hungry, they lined up to take turns biting on those scrawny worms some of the boys were using. They were worms found on the sidewalks after the rains and weren't very healthy looking, believe me."

Some of the farmers around Dakota City have gotten a little carried away with their planting, bringing a stern warning from the county board and a story headed "No, No, No, You Can't Farm Rights-of-Way" in the Herald.

The innocent violators who haven't wanted to see any good land go to waste have been putting seed into ground along rural roads, a practice which will probably soon come to an end in face of the board's pointing out that a fine and loss of crops planted could be forthcoming.

Mrs. Helen Marr thinks that probably the most controversial fruit that grows is rhubarb. The Marr household in Walthill is divided 50-50 on the issue. Her husband detests it; she enjoys it. To her it is as much a part of spring as dandelions, the first robin, or the smell of freshly plowed ground.

Some Lyons folks who were interested in getting more pheasants in the area secured the birds and turned

Mrs. Al Vrtiska of Pawnee City hung her laundry on the line one sunny morning, and when she went to take it down, wrens were well along toward construction of a new home in her husband's trouser pocket. Delighted at the ready-made framework, they had worked all day stuffing it with sticks and twigs. Perturbed at first at the interference, they finally agreed to settle for the little house that was provided as second choice.

them loose. It was interesting to see the birds, never out of captivity before, able to try their wings, in their first flight. They would start and glide and when they hit the ground, they'd topple head over heels and roll to a stop.

For any dreamer who has fond hopes that living as it used to be may again come back, Earl Marvin has a disillusioning word.

"The horse-and-buggy days will never return," is his emphatic word. "We never will see the return of those days when a farmer protested a tax of over twenty-five dollars on his farm, when people walked or rode in a

buggy free of mortgage."

"Dirt cheap" is strictly an obsolete term, says the Kearney Hub. Good black dirt in this age is "expensive stuff and hard to come by."

A 46-inch prairie rattler has been killed in Frontier County. According to State Game Commission records, this sets a new record, the longest previously listed having been killed by a commission employee near Stockville. It measured 43 and 9/16 inches.

The prairie rattler is native to open country in Nebraska. The diamond-back, which often reaches six feet in length, is usually found in southern border states.

Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

A Little Late

Lincoln, Neb. A suggestion on the Stark-weather case! Why not turn Charlie and Carl loose and the state pay all expenses for a formal wedding on the State House lawn. Set them up in an apartment in the governor's mansion and give them guns and ammunition so they can go "people hunting" for week-end sport (no season on that kind of killing).

They never had it so good. Sure burns me up as a taxpayer to think I am helping feed, clothe, lodge and pay medical expenses for a couple of killers. One is just as bad as the other.

I think it is a little late for Charlie's father to be taking such an interest in him now. Should have done that long ago. I guess everyone likes a little publicity!

I. M. DISGUSTED

Thank You

Lincoln, Neb. Our thanks for the fine newspaper coverage given the Postmaster's Convention held in Lincoln May 16-19. The Star's co-operation in making this a successful convention is sincerely appreciated.

O. E. JERNER, Postmaster

Call For Justice

Lincoln, Neb. No hero of war or science who gave his life to save others has ever received the lengthy publicity accorded two teenagers convicted of 11 of the most vicious murders in history. To fail to carry out the sentences of law is failing the youth of today and all principles for which law and order stand.

To issue clemency shows weakness and ridicules those responsible for the enforcement, the protection of those who abide by the prescribed rules of living.

Also, it denounces the long-quoted words, "Crime doesn't pay." Unless justice for those who died is fulfilled, all prison doors should be flung open to all who have committed only one murder, and the new line should be, "Crime does pay. Just do it big."

ANITA CLARK

The Fundamentals

Lincoln, Neb. In the past few days I have had my attention drawn to two contrasting aspects of high school education. Since they may well bear on the well-being of each of us, I should like to share them, especially with the parents of high school pupils.

Last Sunday, while calling

on us, a retired Latin teacher of one of the city's high schools told us she was teaching Latin in the high school of the community to which she has gone. She has 21 pupils and believes that she will have 12 to 15 in Caesar next year. It seems that the community decided that more mind-training courses were needed in the high school and consequently, though retired, she is teaching Latin. As you must know, Latin teachers are almost as extinct as the whooping crane. Not only are languages good mind-training subjects, but knowledge of them is becoming increasingly more important.

Perhaps Latin won't contribute much to a girl's diaper-folding skill or a boy's sheep-shearing technique, but it is a meaty subject and can, I believe, have a cogent influence on a youngster's mind.

Tuesday I received a long-distance phone call from a science teacher in an out-state community. This science teacher wanted me and others to join him in organizing a movement to counteract the influence of busy-work, the public entertainment and advertising aspects of the curriculum and the environment of the majority of the high schools of the state. I assured him that although I did not understand the nature of his immediate situation, I would be glad to help him.

This same science teacher had called me last fall. Then, there were two phases of his situation that were particularly disturbing him. He felt first that the high school did not offer enough courses in the basic fields and moreover, that the teachers

in the basic fields did not get the support they should have as compared to teachers in the more vocational areas such as cooking, carpentry, etc. His most serious complaint, however, had to do with students being taken out of his classes to take part in athletic events, band concerts, parades, and the like. While he favors extra-curricular activities, he feels that when credit is given for band, choir, physical education, athletics, and similar non-academic courses and pupils are told, despite the fact they may have to miss their classes in English, science, languages, etc., if they do not show up for various public affairs they will lose their credits in said such electives, that is going too far.

This teacher claims, and I know it to be true, that it is the common practice when the local business concerns put on advertising campaigns to call on the local schools to furnish part of the entertainment. And the local school authorities are told it is to be done and it is done, despite the fact that Johnnie may miss his algebra class, which may endanger his record and even his credit.

My telephone teacher friend contends, and I agree with him, that we can't expect to meet the challenge of our times of which Sputnik is symbolical and permit these interruptions of our high school teaching to occur. In my book, the parents must take the bit in their teeth and see to it that their children are educated to take their place in the world — a world that is quite different from the one into which they were born.

Sec. Dulles Leaves Bulk Of Big Estate To Widow

... Quarter Of A Million Requested

New York (AP)—Secretary of State John Foster Dulles left the bulk of his considerable estate to his widow in his will filed in Surrogates Court. Eventually, it goes to two of his 3 children.

Dulles, who died of cancer

Vote Machine Report To Be Demanded

Sen. John Munnally of Omaha, principal sponsor of the voting machine bill, LB705, said he would demand within a few days that the Government Committee make a report on the measure.

Munnally made the statement after the Government Committee failed either to advance or kill the bill.

Under legislative rules, any member may with the consent of a majority of the Legislature, request a report from any standing committee at a time after such committee has been in possession of a bill or resolution for 10 legislative days.

LB705, heard by the committee April 8, originally provided that voting machines would be mandatory in cities of more than 10,000 population.

Objections

The bill drew vigorous objections from Lancaster and Douglas counties during its hearings. Such machines are permissive in these two counties presently.

The committee later adopted amendments to allow voting or electronic machines in any of Nebraska's 93 counties, making the bill wholly permissive.

A motion to kill the bill garnered only 3 votes in the Government Committee's executive session, with 4 members not voting. It requires 4 votes either to advance or kill a bill in committee.

Sen. Dwain Williams of Broken Bow, committee chairman, said he would not again of his own volition call an executive session on the controversial bill. He said he knew there would have to be one, but that he would not call it until forced to do so.

Word Of Caution

Sculthorpe, Eng. (AP)—The commander of the American base here is warning U.S. airmen not to discard beer cans on the golf courses they are allowed to use and to play their rounds in suitable clothing. Complaints have come from golf club secretaries, the base said.

May 24, made specific bequests of more than a quarter of a million dollars. But associates said it is too early to attempt an estimate of his total wealth.

Before he entered government service, Dulles was a high salaried associate in Sullivan and Cromwell here, one of the nation's biggest law firms.

Dulles cut off his Jesuit son, the Rev. Avery Dulles, with a \$5,000 bequest. But the will emphasized that this was "not because of lack of affection for him but because special circumstances in his case make further provision seem inappropriate and unnecessary."

Alma Mater

The will directs the executors to select from his private papers and records any contributions they think might be welcomed by his alma mater, Princeton University, where he graduated in 1908. He also bequeathed the university \$10,000.

The will was dated July 25, 1958. Personal property, household effects and the bulk of his assets were willed to Mrs. Janet Avery Dulles, the widow, in trust.

Upon her death, income from half of the trust goes to a daughter, Mrs. Lillias Dulles Hinshaw of New York, who also received \$10,000 outright.

Other Son

The other half goes outright to Dulles' other son, John Watson Foster Dulles, who in addition receives \$100,000 under the will.

Bequests of \$25,000 each went to William C. Pierce and Henry N. Ess 3rd, partners in Sullivan and Cromwell.

Dulles left \$10,000 each to 3 sisters, Mrs. Margaret Edwards of Rye, N.Y., Eleanor Dulles of McLean, Va., and Mrs. Natalie Seymour of Utica, N.Y.

He also willed \$10,000 to Union Theological Seminary and \$5,000 to the Presbyterian Church here.

Grocer On Bond Pending Hearing

Grand Island, Neb. (UPI)—Howard Jones, 49, charged with second-degree arson in a grocery store fire at Doniphan, is free on \$5,000 bond pending a hearing next Tuesday.

Jones and Herman Jungclauss, Grand Island, were charged in connection with the fire earlier this month which destroyed the IGA store at Doniphan. Jungclauss was hospitalized here with burns.

Double Honors For NWU Coed

Arlene Beran, Wesleyan University junior from Odell, has received twin honors.

She was named 1959-60 president of the Wesleyan chapter of Women's Athletic Assn. and selected as head cheerleader for the year ahead.

She is the daughter of Mr. and Mrs. Alfred E. Beran.

Other new Miss Beran cheerleaders are: Judy Wilcox, Douglas sophomore; Sherry Wenzl, Lincoln freshman; Elaine Wittig, Sidney junior; Charlene Graben, Seward sophomore; Sandra Darling, Lincoln freshman.

Other officers of W.A.A.: Jane Marshall, Palmer sophomore, vice president; Wilma Vodehnal, North Loup junior, secretary; Marilyn Mendenhall, Elmwood junior, treasurer.

Doll Making Firm Loses Wage Suit

A \$176.40 judgment against Terri Lee Fashions Inc., formerly located at 4129 O, has been awarded the U.S. Department of Labor in behalf of a former employee of the defendant company.

The Federal District Court action, brought under the Fair Labor Standards Act, was for minimum wages and overtime pay owed by the Nebraska corporation, which manufactures dolls and doll clothes.

Ike Relaxes

Washington—President Eisenhower relaxed on the golf course Thursday afternoon after meeting with the Big Four foreign ministers and other foreign government officials. He played at Burning Tree Club in nearby Maryland.

Meanwhile, the White House announced Eisenhower plans to spend the Memorial Day weekend in Washington. He has visited his Gettysburg, Pa., farm on several past Memorial Days.

Caril Appeal Is Filed; Based On Juror's Bet

A new trial must be held for Caril Fugate, 15-year-old convicted murderer, because of a bet made by one of the members of her jury, it was argued in a brief filed in her behalf before the Supreme Court Thursday.

The brief was filed by John McArthur, attorney for the former companion of condemned killer Charles Starkweather, 20.

"The making of the bet by the juror so utterly disqualified him that a verdict based on his vote cannot stand," the brief argued.

"Aside from the verdict which was tainted by gambling, evidence of the most prejudicial character was received on the pretense that it was rebuttal," the brief charged.

There were the two reasons cited to support McArthur's contention that Caril Ann should have a new trial.

Caril Ann was sentenced to life for her part in the Jan. 27, 1958 slaying of Robert Jensen, Bennet. Starkweather is to die for the same crime.

Execution Stayed

A Federal District Court stayed his May 22 execution until June 4 so he could appeal to the U. S. Circuit Court of Appeals.

The jury returned its verdict in Lancaster County District Court on Nov. 21, 1958 following a trial which opened Oct. 27, 1958.

McArthur later presented an affidavit of Juror H. A. Walenta, signed Nov. 26, 1958, that he bet \$1 with Richard Weilage during a hunting trip on the opening day of the 1958 pheasant season that Caril Ann would get the electric chair. He later was picked to serve on the jury.

Caril Ann twice has been refused a new trial in District Court.

"It shocks the conscience to know that a man would bet that a 14-year-old child would be given the death penalty in a trial which was to begin two days later, and after he must necessarily have received his summons for jury duty, and thereafter fail to mention his

bet on 'voir dire' to serve on that very jury," the brief said.

Lincoln Parks To Have New Horticulturist

A Michigan State graduate will join the City Park Department as city horticulturist on July 1, Supt. James Ager said Thursday.

He is Bryan E. Snell, 28, of Chicago, Ill., who receives his degree in park management and planning and municipal forestry next month.

Ager said Snell's duties will include general park management and planning plus supervision of the city's tree trimming program and Pioneers golf course.

Highly Rated

Snell will receive \$4,800 annually plus park department housing.

"He is highly recommended by his college dean," Ager said. "We feel fortunate in obtaining him."

Snell is married and has one child. His wife, a graduate of Western Michigan, teaches art in the public schools.

Snell served two years in the Army before enrolling in Michigan State University.

Blair Phone Co. Asks Rate Hike

A public hearing has been set on the application of the Public Telephone Co. of Blair to increase rates in 6 towns, the Railway Commission announced.

The hearing is to be at 9:30 a.m. Thursday, June 25, in the court house at Broken Bow. Involved are 1,869 telephones in Arnold, Callaway, Oconto, Stapleton, Ewing and Page.

The proposed new monthly rates would be 25 cents to \$1.25 higher depending on the type of service. The proposal would also standardize rates, eliminate charges on ground service where it has been eliminated, and cut down the rate listings to 3 main groups.

E. C. Hunt of Blair, president of the firm, and Robert C. Hunt, vice president, said the increase is necessary in order to grant wage increases.

NU Ag Honorary Elects Homolka

Charles Homolka of Western has been installed as chancellor of Alpha Zeta, agricultural honorary, at the University of Nebraska College of Agriculture.

Other new officers include: Kenneth Frank of Stanton, scribe; Tom Clark of Stanton, treasurer; Dale Behmer of Hoskins, censor, and Charles Ahrens of Clarkson, chronicle.

Wesleyan Graduates Favor Teaching, More Education

Teaching and graduate study will claim the majority of Nebraska Wesleyan University graduates again this year.

A survey of the senior class, with 170 of the 191 graduates reporting, indicates that 112 will either teach or continue school.

"The fact that at least 72 graduates will go directly into professional education is significant," President Vance D. Rogers said, "when you consider the fact that we are not basically a teacher training institution."

"This points out that Wesleyan is producing her share of soundly trained teachers, each of them equipped with that 'extra ingredient' which one can gain from being exposed to the liberal arts discipline."

Church Gets 12

Chaplain L. E. Mattingly said "at least a dozen will enter full-time Christian service—11 definitely into seminaries to train for the ministry and Kaye Scranton of Plainview who will train for a career in Christian education."

Eighteen on the graduate school list will train in medicine or some related field such as nursing, physical therapy or medical technology.

Ten plan to enter business, 16 are undecided, two will become housewives and three will enter the Army.

Among the half-dozen or so who will go directly into chos-

Official Invitation

Rio de Janeiro (AP)—President Juscelino Kubitschek's office reports Clara Booth Luce and her husband, Publisher Henry R. Luce, will be officially invited to visit Brazil soon. Mrs. Luce recently resigned as ambassador to Brazil without having come here.

Is there REALLY a Difference in Beers?

You'll say there is! After you compare your present beer with

COUNTRY CLUB Pilsener Beer

Create your own taste test! One glass of Country Club, tested against any other beer you want to name, will win you to Country Club. It's so easy to compare the big difference in Country Club Pilsener!

Give Country Club Pilsener These Other Easy Tests:		Country Club Pilsener	The Beer you've been drinking
true beer color	Compare the color and clarity against a light background. Country Club Pilsener is a deeper golden color than all modern-type beer tested. Proof of its richer, fuller body.	✓	?
rich flavor	A traditional old world brew taste, with the delicate aroma of hops—yet no objectionable bite or tang. Country Club is real beer, as beer should be.	✓	?
full body and head	Country Club Pilsener is brewed with more and better quality malt than in general use today. This old original formula of Michael Karl Goetz gives a rich, creamy head that lasts and lasts. It laces the glass all the way down... as good beer traditionally should.	✓	?
make the PENCIL TEST	Ask your bartender to draw a glass of Country Club Pilsener. When the head of foam satisfies you, place an unsharpened pencil vertically in the center of glass. Amazing! Note the pencil stands straight—proof of Country Club's rich, creamy head, as compared with other beers. Try it... you'll sell yourself!	✓	?

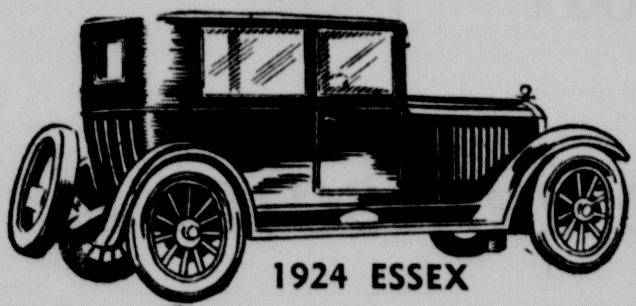

Famous for Its Flavor Since 1859

Big 4 Foreign Ministers Head Back To Geneva

... They Get Prod From Ike

Washington (P)—The Big 4 foreign ministers headed back to Geneva Thursday under prodding by President Eisenhower to produce enough results to justify a summit meeting on the German crisis.

In the plush lounge-like quarters of a U. S. Air Force DC6, the 4 men will be virtually face to face for the 17-hour flight across the Atlantic.

Eisenhower met with the foreign affairs chiefs at the White House for 30 minutes.

Intangibles Hike To Bring More Revenue

On the basis of the estimated nearly \$150 million increase in intangible property reported in Omaha this year, the present tax on intangibles would produce a total of \$1,494,000 in tax revenue, a hike of some \$496,000 over last year's revenue.

However, if LB722 is passed by the Legislature and signed by the governor, this tax revenue would be increased by another \$34,600—the result of the additional one-tenth mill special levy for a Nebraska Agricultural Products Research Fund.

The bill calls for a one-tenth mill levy for 6 years on all property in Nebraska, including intangibles, which marks a departure from previous practice of not including intangibles in special levies.

The present tax on Class A intangibles (cash, bank accounts, savings accounts, bank deposits, bills of exchange, checks and drafts) of 25 cents per each \$100, would be increased to \$6 cents.

The present tax on Class B intangibles (stocks and bonds) of 40 cents per \$100, would be increased to 41 cents.

Only tangible personal property and real property is assessed at 35% of actual value. The estimates on Omaha's reported intangible property for this year, \$204,000, for Class A, and \$246,000, for Class B, represents actual value of that property.

Cozad Jaycees File

Articles of incorporation have been filed by the Cozad Junior Chamber of Commerce, the Nebraska Secretary of State's office reported.

Incorporators are Dr. J. V. Scholz, Richard Hansen, Alvin Johnson, James Frazier and Robert Bredwell, all of Cozad. It is a non-profit organization.

Articles were also filed by the Oakland Chamber of Commerce, Inc. Incorporators are C. V. Sanders, Lawrence C. Faundel, Charles S. Nickens, Merlin W. Nelson and Jerry Rennerfeldt, all of Oakland.

Filing articles with capital stock authorization set at \$100,000 was the Uehling Fertilizer Service, Inc., of Uehling. Incorporators are Barton Strand, Herman Meyer and Mary Nell Meyer, all of Uehling.

His admonition to get results was obviously aimed mainly at Russia's Andrei A. Gromyko.

The president called for "a measure of progress" at the Geneva meetings if Russia wants a summit conference.

Western strategists figure Gromyko's boss, Soviet Premier Nikita S. Khrushchev, sorely wants a summit session. Eisenhower used this prod—no Geneva progress, no summit—to try to nudge the talks out of the stalemate which has existed since they began on May 11.

Together In Herter Plane

After the White House conference, the foreign ministers of the United States, Britain, France and Russia took off together in the plane of Secretary of State Christian A. Herter for the return trip to Geneva.

As they headed out over the Atlantic, they were alone for the first of new secret negotiations aimed at breaking the impasse.

Eisenhower was quoted as having remarked jokingly before they took off that the foreign ministers should stay aloft until they reach agreement.

West German Chancellor Konrad Adenauer, relaying Eisenhower's remark to newsmen, added:

"He said he would be ready to send a tanker plane so they could refuel in the air."

It May Be Lengthy

Before the takeoff, Herter advised congressional leaders that the Geneva conference may last longer than expected. He said he didn't know how long. He counseled patience in dealing with the Reds and reported a high degree of unity among the Western allies.

Earlier estimates had been that the Geneva parley might last a month.

The Soviets touched off the crisis by demanding last November that the occupying powers get out of West Berlin and sign treaties with East and West Germany. The Western allies countered with a package proposal aimed at unifying Germany, with Berlin as the capital, under safeguards for European security.

Sidney Firm Sued For Overtime Pay

The U.S. Dept. of Labor has filed suit for \$1,340.54 against the Maddox-Gale White Truck Co., Sidney, Neb., in U.S. District Court at Lincoln.

The amount is allegedly due 8 employees of the defendant company as representing overtime pay owed under the Fair Labor Standards Act.

The labor department states the Sidney firm, a co-partnership of George D. Gale, Layton L. Maddox and O. L. Maddox, is engaged in interstate commerce under the Act.

Bishop Greets Top Students

The Most Rev. James V. Casey, bishop of Lincoln, congratulates John Knopp, valedictorian of his class, prior to graduation ceremonies at Pius X High School Thursday night. At left is Mary Frances Shugrue, class salutatorian. (Star Staff Photo.)

Greatness Is Founded On Love, Priest Tells First Pius X Grads

"You will be great only as you love," 31 graduates of Pius X High School were told Thursday night before receiving their diplomas.

The Rev. Edmund Walsh of Omaha, editor of The True Voice, delivered the commencement address before several hundred parents and friends gathered to witness the graduation of the first class to attend Pius X through all three years of high school.

"You have been blessed in many ways," Father Walsh

told the graduates. He urged them to return their blessings through love of family, fellow man and God.

"There is a good life before us all," he said, "no matter what the difficulties we come upon... so long as we love the Lord and love one another every day."

John Knopp was valedictorian and Mary Shugrue was salutatorian.

The Most Rev. James V. Casey, bishop of Lincoln, conferred diplomas at the ceremony, held in the auditorium at Pius X.

Scholars Cited

Eleven winners of college scholarships also were recognized. They are:

Catherine Curran, Honor Tuition Scholarship, Mount Marty College, Yankton, S. D.; Tuition Scholarship, Marymount College, Salina, Kan.

Suzanne Glenn, Margaret K. Dehord Scholarship, University of Nebraska; Regents Scholarship, University of Nebraska; Tuition Scholarship, Marymount College; Honor Tuition Scholarship, St. Scholastica College, Duluth, Minn.; Gulf Oil Scholarship, St. Scholastica College; Robert Healey, Regents Scholarship, University of Nebraska.

Pentagon Official's Son Dead ... Jet Crash

Norfolk, Va. (UPI)—Navy Cmdr. Wilfred J. McNeil Jr., son of an assistant secretary of defense, was killed when his jet attack bomber plunged into the Mediterranean, the Navy announced Thursday.

First listed only as "missing," McNeil later was reported by the Navy to have been killed in the crash. A search was abandoned after the pilot's helmet was found floating amid the wreckage and debris from the crashed plane.

McNeil, 38, commanding officer of Attack Squadron 66, was practicing carrier-controlled approaches off the USS Intrepid when his A4D2 Skyhawk plunged into the sea, the Navy said.

Secretary McNeil has been comptroller of the Defense Department since it was established in 1947.

The pilot's wife, Patricia, and 5 children live at Virginia Beach. His squadron, normally based at Oceana, Va., Naval Air Station, is currently operating with the U.S. 6th Fleet. He was a 1943 graduate of the Naval Academy.

Secretary McNeil has one other son, Maj. Evan McNeil, an Air Force bomber pilot stationed at Limestone Air Force Base, Maine.

Officials Braced

Cape Canaveral, Fla. (UPI)—Space officials said they are braced for a new flood of protests against putting monkeys in the nose cones of missiles.

The complaints, which come in after each experiment involving animals, will be answered with a form letter, an Air Force spokesman at Patrick AFB said.

PUT SINCERITY IN YOUR PEN, MRS. WILSON TELLS WOMEN

A noted Lincoln author Thursday advised amateurs in her field that sincerity is the most important quality in writing.

Mrs. Louise Baker Wilson, who said she started writing stories on the kitchen table, was the featured speaker of a noon luncheon meeting of the midwest regional conference of the National League of American Pen Women.

"In no profession are there more competent and capable amateurs competing with professionals" than in writing, Mrs. Wilson noted.

Don't Scrap It

She also cautioned her audience never to throw a manu-

Holland Couple Admits Slaying 5 Of Their Tots

Rotterdam, Holland (UPI)—A couple known to their neighbors as "friendly, nice people" confessed they killed 5 babies born to them because they already had 6 children.

G. C. Schaeffer, a plumber and treasurer of a local kindergarten, told a court he smothered 4 newborn infants. His wife drowned the fifth in a pail of water.

"I always tried to kill the babies as painlessly as possible," he said.

The Rotterdam Public Prosecutor demanded 10 years imprisonment for Schaeffer and his wife, Lina.

The Schaeffers' 6 living children, ranging in age from 7 to 13, were placed in a home when their parents were arrested.

Lincoln Cited For Deathless Traffic Period

Chicago (UPI)—The city of Lincoln was one of the three largest cities in the nation to finish the first 4 months of the year without a traffic fatality, the National Safety Council said Thursday.

Lincoln, Yonkers, N.Y., and Canton, O., were the 3 largest of 343 cities which still had perfect records.

The council noted that highway deaths during the first 4 months of 1959 sharply reversed a two-year downward trend. Each of the first 4 months showed an increase over the same month last year, with a total of 10,690 fatalities reported and 400,000 disabling injuries from January through April.

Alaska, with 33% fewer traffic deaths compared with the same period last year, topped 19 states which reported decreases.

CARMICHAEL

Drivers Told To Take Care

This year Memorial Day weekend will be another long holiday, Col. C. J. Sanders of the Nebraska Safety Patrol cautioned in a pre-holiday warning.

He reminded motorists that there were 13 traffic deaths in the state last year over the weekend.

Blaming impatient and careless drivers as the cause of most holiday auto accidents he urged motorists to drive at safe speeds, pass only when absolutely safe, drive "defensively" and remember that long hours of driving mean exhaustion at the wheel.

Lincoln Police Chief Joseph T. Carroll urged the many Lincoln residents who will be leaving the city for the weekend to drive with care.

There were 5 accidents in 1958, the police department reported.

Grim predictions of the National Safety Council are that 260 will die and 10,000 be injured over the weekend.

Alert Ag Students Helped Fight Fire

Quick action by 5 University of Nebraska students in fighting a fire Wednesday night at the Ag College Horse Barn held damage to an estimated \$500, Charles Fowler, director of Buildings and Grounds, said.

Three of the students, Ken Dvorak of North Bend, Roy Friesen of Aurora and Charles Ehresman of Kearney, discovered the fire and alerted the campus police.

They then awakened two other students who live at the Horse Barn, Richard Mumby of Gilead and John Rolthlisberger of Fort Robinson. The students were controlling the blaze when the Lincoln Fire Dept. arrived.

A Heart Operation ...while conscious!

Some time ago a 49-year-old newspaperman suffered a coronary attack and was confronted with a painful choice.

Doctors told him he could live the precarious life of a semi-invalid or be restored to normal health through surgery.

But the operation, on the heart itself, would be a considerable gamble.

The patient, Associated Press staff writer John O. B. Wallace, chose the operation. And he decided, as well, to submit to it under local anesthetic—meaning full consciousness under the knife—because this method would involve the lesser risk.

Now, for what experts say is the first time in medical history, a trained reporter who underwent this type of delicate heart operation has written the dramatic, personal account of the actual surgery.

Alert and observant throughout the ordeal, Wallace takes you inside the patient's mind at the very gates of death—and back to new hope and recovery.

You won't want to miss this unique story in the May 31st—

VACATION TIME U.S.A.

SURE PLEASURE AWAITS AT THE END OF THE TRIP

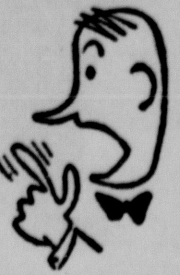

SAY Seagram's AND BE Sure

Blended Whiskey, 86 Proof, 65% Grain Neutral Spirits, SEAGRAM-DISTILLERS COMPANY, N.Y.C.

Your vacation road may take you to the hills or it may lead to the shore but it will always lead you to the pleasure of 7 Crown. It's at every destination because it's America's first and finest whiskey—the most widely-sought and widely-served brand in the land.

The best things in life are free. That is the title of a song, a book and the title of my philosophy, ma'am.

I am a "send for the free booklet" man. The latest free booklet is labeled: "How to Pack For Your Vacation." It is issued by the airlines (the gasoline companies will send you a similar guide).

"Lay out all your things. Then discard ruthlessly!" I did not put that exclamation point on that sentence.

Two pairs of pants. You cannot discard ruthlessly with pants — not without being picked up by the Johnny Nabs. The pants cannot be discarded, Sam.

Two pairs of shoes. You cannot discard shoes easily. When I was a boy, I discarded my shoes at every opportunity. And now walking on gravel is sheer murder. We keep the shoes.

We cannot likewise discard ruthlessly shirts or pajamas. Ties, socks, shorts, toothbrush.

You now close the suitcase. The suitcase will not close. "Never force a suitcase closed. Go through what you have and DISCARD again," said the lady. "You will be surprised how well you can do this."

I never force a suitcase closed. What I do is find a plump, teen-age girl. And I make her sit on the suitcase while I snap the locks.

Now the suitcase is closed. Snapped and locked. And we only forced it a teensy-weensy bit. What is that on the bed? The shirts! While we were discarding ruthlessly, somebody threw the discards on top of the shirts.

How can you pack if EVERYBODY is against you?

McNaught Syndicate, Inc.

Gold's Birthday Club

Happy Birthday To The Following Members Who Observe Their Birthdays This Week:

Because of the Memorial Day Holiday Saturday, your Birthday Party will be held Saturday, June 6. You will receive your invitation next week.

Officers Installed

Newly-elected officers of the Sunrise Opt-Mrs. Club were installed Wednesday evening when the group held its final meeting of the year at the home of Mrs. Donald Nelson.

From the left are Mrs. Morris R. Sweet, secretary;

Mrs. Nelson, president; and Mrs. Bernard Dresselhaus, vice president. Not pictured is Mrs. Peter Dreith, treasurer.

Following reports of committee chairmen, the group discussed plans for the coming year.

BRIDES BOOK

Announcing the members of her bridal party this morning is Miss Germaine Kay Wright whose marriage to Marvin Deal will be an event of Sunday, June 14.

For the ceremony, which will be solemnized at the First Methodist Church, the bride-to-be has named Miss Mary Dee DeMars as her maid of honor, and the bridesmaids will be Miss Aletha Deal, sister of the bridegroom-elect, Miss Linda Fahrlander and Miss Wilma Waldo of DeWitt.

Miss Kaymarie Swarts of Eagle, and Miss Marion Wright will light the candles for the 4 o'clock ceremony. Miss Jeanette LaVerne Wadlow will be the flower girl, and Donnie Deal of Spokane, Wash., will be the ringbearer.

Duane Deal of Ann Arbor, Mich., will serve his brother as best man, and the corps of ushers will include Gregg Wright, brother of the bride-elect, Jerry Schrepf, Pete Nelson, Ronald Keefe of Wahoo and William Minchow of Palmyra.

Revealing plans for an early summer wedding is Miss Sandra Kinner who has chosen Saturday, June 6, as the date for her marriage to Rudolph Stolz. The ceremony will be solemnized at Our Saviours Lutheran Church.

Mrs. Wayne Snyder of Ralston will be her sister's matron of honor, and Mrs. James Moss of Denver will be the bridesmatron. In attendance as bridesmaids will be Miss Sandra Preston and Miss Grace Middleswart.

Miss Verna Kinner, sister of the bride-to-be, and Joe Stroh will light the tapers for the 8 o'clock ceremony. Timothy Stolz will be the ringbearer.

Serving as best man will be James Moss of Denver, and seating the guests will be Duane Watson of Raymond, William Pospisil, Jerry Montgomery and George Stroh.

On Friday evening, June 5, Mr. and Mrs. Fred Kinner will honor their daughter and her fiancé at a pre-nuptial dinner. Twenty-four guests have been invited to the Kinner home for the affair.

Other recent courtesies for the bride-elect include a coffee and one-gift shower given by the members of the Sheridan Lutheran Church choir and held in the church parlors, and a miscellaneous shower for which Miss Carol Neimeyer was hostess at her home.

A bride-elect of late June, Miss Patricia Cassidy was honored on Tuesday, May 26, at a dessert supper given by Mrs. William Lehr and Mrs. Vince Aldrich. The 15 guests were invited to the Lehr home, and during the evening a miscellaneous shower was presented to the honoree.

The marriage of Miss Cassidy and Marvin B. Salber will be solemnized on Saturday, June 27.

AROUND THE TOWN Betrothal Announced

—Yesterday we might have said that the social prospects for the week end were on the dim side—But this morning the picture has changed completely since we have discovered more plans for the holiday period.

First we must tell you that Mr. and Mrs. Fred I. Archibald of Baltimore, Md., who were expected in town a week end or two ago, postponed their visit to Lincoln until now. They arrived early this morning, and will be here for a very short time.

During their stay Mr. and Mrs. Archibald will be honored at numerous informal courtesies.

—Also on the week end agenda is the Mane and Tale Club picnic on Saturday evening at the Alfred DuTeau farm.

—Sunday is not without its bright moments, judging from our calendar. On Sunday afternoon, for instance, Miss Nancy Cowies, Miss Julie Cyr, Miss Judy Hegen, Miss Christ Trott, Miss Kay Martens, Miss Vivian Payne, and Miss Mary Hagemaster, will be tea hostesses between the hours of 3 o'clock and 5 o'clock, at the home of Miss Cowies. The guest list will include all of the girls in the graduating class at Southeast Junior High School.

—And Sunday is the day that Mrs. Wayne F. Morrison (Kathryn Swingle) and her son David will be arriving from Denver to be the guests of Mrs. Morrison's parents,

Mr. and Mrs. Charles Swingle. Mrs. Morrison and her son will remain in town until after the wedding of Mrs. Morrison's sister, Miss Suzanne Swingle, and Veldon

Lewis on June 12, and will be joined here by Mr. Morrison the day before the wedding.

—And mention of Miss Swingle and Mr. Lewis reminds us that they will share honors on Sunday evening when Miss Swingle's uncle and aunt, Mr. and Mrs. J. Kenneth Binning, entertain at dinner at Hillcrest Country Club. The guest list will include members of the family.

—And to continue with courtesies for Miss Swingle we go on to next Wednesday evening and the Les Amies party at the home of Miss Anne Pickett. On hand, of course, will be the Les Amies cup upon which Miss Swingle's name will be inscribed. The name just above Miss Swingle's will be that of Jeannette Turner, now Mrs. Cecil Walker. Dinner places will be arranged for eight.

—There is news this morning from Darmstadt, Germany and it has to do with the arrival on May 15, of Terry Allen Gitlin, son of Mr. and Mrs. Richard Gitlin. The young man's mother is the former Marthelle Holcomb, daughter of Mr. and Mrs. A. T. Holcomb of Lincoln who while attending the University of Nebraska where she is a Mortar Board, was a member of The Star reporter staff, and later became editor of the Nebraska Alumni magazine.

Mr. Gitlin is a former editor of the Nebraska Educational Journal, is a member of the sports staff of the Stars and Stripes newspaper in Darmstadt. Mr. and Mrs. A. Gitlin of Los Angeles are the paternal grandparents.

MISS PATRICIA SHONER

Announcement is being made this morning by H. O. Shoner of the betrothal of his daughter, Patricia, to Russell D. Lilly, son of Mr. and Mrs. D. D. Lilly of Fremont.

No definite date has been set for the wedding.

To Attend Convention

Leaving this week end for Los Angeles to attend the 68th annual convention of the General Federation of Women's Clubs will be representatives of the Nebraska Federation headed by Mrs. P. O. Marvel of Giltner, state president.

Mrs. William H. Hasebrook of West Point, national recording secretary and former president of the Nebraska Federation, will be among the presiding officers at the convention, after which she will join the federation's summer tour to the Orient.

Other state officers attending the convention will be Mrs. E. J. Huntemer, Grand Island, first vice president; Mrs. George W. Mechling, Lincoln, third vice president; Mrs. John W. Coffey, Fremont, recording secretary;

Mrs. Francis Moles, Seward, state director of juniors; and Mrs. Roy Magill, Holdrege, past state president.

The roster of speakers will feature Governor Edmund G. Brown of California; Col. Serge Obolensky, author, lecturer; Walter P. Reuther, president of United Automobile Workers; Gen. C. V. R. Schuyler, USA, chief of staff of SHAPE headquarters in Paris; Dr. Lyman Ginger of the University of Kentucky, past president of the National Education Association; and Harold E. Fellows, president of the National Association of Broadcasters.

The federation will present annual motion picture, television and radio awards, and will honor the "Teacher of the Year", who will receive a trip to Europe from Scandinavian Airlines.

MADAM CHAIRMAN

MORNING

Lincoln YWCA, Mothers Morning Out, 9:30 o'clock. Deborah Avery Chapter, DAR, 10 o'clock board meeting, Hotel Cornhusker.

AFTERNOON

Lincoln YWCA, family swim, 7:30 o'clock. Lincoln Duplicate Bridge Club, 7:30 o'clock at the Lincoln Hotel. Alpha Gamma Delta Alumnae, 7 o'clock buffet supper at the home of Mrs. Wayne C. Farmer, 3921 Dudley.

Blue Birds' Tour Closes Year

Climaxing a year of busy activities and projects this week were the members of the Golden Rule Blue Birds who presented their leader, Mrs. C. A. Christiansen, with a farewell gift.

Pictured with Mrs. R. L. McKay (left), assistant leader, and Mrs. Christiansen (left background), following a tour of the Coca Cola bottling plant are (front row, from the left) Jeanne McKay, Jean Crawford, Jane Gebler and Patricia Grabowski; and (back row) Connie Jelinek, Judy Vincent, Sara Jean Christiansen and Julie Spain.

To Head Bethany Club

Following the annual May luncheon of the Bethany Mothers Club, held Thursday afternoon in Fellowship Hall of the Bethany Christian Church, the group installed new officers.

From the left are Mrs. Franklin Kudlacek, secretary; Mrs. Raymond Mathis, president; and Mrs. John Chrismier, treasurer. Mrs. E. F. Guerry, vice president, is not included in the picture.

Following luncheon, the afternoon hours were spent informally.

Fun Activity In Suburbia

SOUTH HILLS

Farewells will be in order in South Hills to Lt. Col. and Mrs. William T. Minor who will soon be leaving their home in Lincoln at 1920 Brower Rd. for Omaha where they will make their home at 8304 Templeton Dr. The Minors have one son, Breck, who is four years old. The family will leave Lincoln about the middle of June.

Congratulations are in order this morning to Mr. and Mrs. Lynn Drew who are the parents of a son, David Lynn, who made his premier appearance at Lincoln General Hospital Saturday, May 23. David has a brother, Jeffrey, who is 12 years old, and 9-year-old sister, Marcia.

Mrs. David Berry is the young man's maternal grandmother, and Mr. and Mrs. Frank Drew of Decatur, Ill., are his paternal grandparents.

Entertaining at a farewell coffee last Wednesday morning were Mrs. Glenn Lally and Mrs. John Rogers who were hostesses at the home of Mrs. Lally. The party was given in honor of Mrs. Leonard L. Sheffer who, with her husband, Capt. Sheffer and five children, Susan, David, Steven, Kathy and John, have moved from their former home in South Hills to Rome, N.Y.

About 14 guests attended the neighborhood affair.

Mention of the Lallys reminds us that tomorrow evening, Maj. and Mrs. Lally will be a host and hostess at their home when they entertain at a steak-fry and bridge party. Couples who will attend are Lt. Col. and Mrs. George Biggs, Capt. and Mrs. Glenn Hessler and Maj. and Mrs. Hale Dodge.

PRAIRIE VALLEY

The guest of honor at a pink and blue shower Thursday afternoon was Mrs. Don Biehn. Hostesses for the affair in Berlene Heights were Mrs. Jack Saylor and Mrs. Don Bergmann. Twelve guests attended the dessert luncheon and bridge party which was held at Mrs. Saylor's home.

It is our pleasure to introduce to you this morning Mr. and Mrs. John L. Skalla who besides being busy getting settled in their new home at 4636 Eden Circle, also are busy with their new daughter who arrived on Saturday,

CHATTER In The CORRIDOR

PAT

BY PAT MELBY of Pius X High School

"Fade Out" was the theme for the senior sponsored dance, which was held in the Pius X recreation room on Tuesday after all exams were over. The dance was just about the final fling for all sophomores, juniors, and seniors before "good old summertime" vacation.

Long awaited commencement exercises of the graduating class of Pius High School took place in the school auditorium on Thursday, May 28 at 8 p.m. The class of '59 was the first class to graduate that has completed three full years at Pius. Valedictorian was John Knopp; Mary Shugrue was salutatorian.

Bishop James V. Casey bestowed the diplomas to the 59 graduating seniors. The guest speaker for the evening was the Rev. Edmond C. Walsh, editor of "The True Voice," Omaha.

An awards convocation was held in the auditorium on May 27. Sophomores, juniors and seniors who achieved certain honors throughout the year were given their awards on this day. Those who merited membership to the National Honor Society also were announced.

May is the month for senior activities at Pius, although sometimes the weather isn't so obliging. On skip day, which was last Thursday, all seniors skipped to Merritt Beach at Plattsmouth and had a "chilly" time. When a trip to the beach is planned, nothing will stop high school seniors from taking a quick dip—not even 50 degree weather! Toward evening the two buses full of hungry seniors rolled on to Nebraska City where everyone enjoyed a smorgasbord at Steinhart Park. All in all, a good time was had by everybody, and the only casualty was one sprained ankle, which is now recovering nicely.

Congratulations to the members of the golf team of Pius, who won the State Championship for us once again!

Dear Abby . . .

What's Underneath

Abigail Van Buren

DEAR ABBY: I am considering remarriage after twelve years of widowhood. This man I have in mind is 61 (I am 48, but am still a young woman in many ways) but here is my question. He is very bald and has been for years. I heard that that means he is not what he used to be as far as romantic ability goes. He is full of fun and very affectionate, so I don't know what to believe. Is what I heard true or not?

MUST KNOW
DEAR MUST: Just because there's chrome on top doesn't mean there is no power under the hood. Don't believe everything you hear.

DEAR ABBY: My problem is a quarrelsome, sharp-tongued mother. She picked on my father provoking fights with him until their battles drove all of us children out of the house. My father recently entered an institution with a nervous breakdown and now my mother is whining because nobody wants her and she refuses to live alone. She has set sister against brother and husband against wife in our family and now I am the only one on speaking terms with her. My husband says if she comes — he goes. Can I tell my own mother

who put the very breath of life into my body that I cannot open my door to her?

TORN
DEAR TORN: If "opening your door to her" means your husband goes, then you must have the courage to do what is necessary to preserve your own marriage. And don't feel guilty.

DEAR ABBY: I am a Lieutenant in the Air Force. I became interested in a girl and on our first date I gave her my "wings". She has broken her promise to me and has been dating others. Now I have asked her in person, called her on the telephone, and written her letters asking her to please give me my "wings" back. She says she is keeping them as a souvenir. Please tell me how I can get my "wings" back without breaking into her apartment and repossessing them?

WITHOUT WINGS
DEAR WITHOUT: Let the girl keep the wings. Appropriately enough — she is for the birds.

DEAR ABBY: What do you think of a school teacher who makes the kids go out into the auditorium and pick the old chewing gum off the bottom of the seats as a punishment?

5 Federal Reserve Banks Boost Interest Rates

NEW BLOW STRUCK AT INFLATION

Washington (UPI) — The Federal Reserve Board struck a new blow at inflationary forces Thursday by authorizing 5 Federal Reserve Banks to raise interest rates on loans to commercial banks from 3 to 3½%.

The increase in the interest rates, known as the discount rate, goes into effect Friday at Federal Reserve Banks in New York, Chicago, St. Louis, Minneapolis and Dallas. Its effect will be to make credit tighter for ordinary borrowers in those areas.

A reserve board spokesman said the action primarily was "an adjustment to financial and economic conditions." He referred to the recent business spurt and to the board's increase earlier this month in the lending rate charged by major commercial banks on loans to their biggest customers.

Proxmire Critical

The board's decision was assailed by Sen. William Proxmire (D-Wis.) who said the 3½% rate was "the highest since this administration took office."

Proxmire said the board's action bore out warnings expressed earlier by Sen. Albert Gore (D-Tenn.) that federal agencies "are leap-frogging each other to raise interest rates."

Democratic leader Lyndon B. Johnson (Tex.) told Gore he agreed that congress should do something, but he said "speeches are not going to stop the spiral." He said a forthcoming study by the House-Senate Economic Committee might provide an answer.

The Reserve Board's latest credit-tightening action raised the discount rate to the high level of August-November, 1957, when money was extremely tight and interest rates very high. Then came the recession and a succession of drops in the rate.

Cabot OK'd

Washington (UPI) — The Senate confirmed the nomination of career diplomat John M. Cabot to be U.S. ambassador to Brazil without opposition. He replaced Clare Boothe Luce, who quit before ever starting work.

Union College Academy Graduates

At Union College Academy's commencement exercises were (left to right): Ann Lee Hilde, salutatorian; Janet Marie Weed, valedictorian, and Elder Sydney E. Allen, speaker. (Star Photo.)

Be Of Good Courage, Trust Lord, Union Graduates Told

To work, to be of good courage and to trust the Lord was the advice given to the 18 graduating seniors at Union College Academy's commencement exercises Thursday night.

Sydney E. Allen, assistant professor of religion at the college, based his commencement address on the Book of Haggai in the Old Testament.

Gen. Gruenther Father Of Year

New York (AP)—Alfred M. Gruenther, the Nebraskan, was named Thursday National father of the year by the National Fathers Day Committee.

Gruenther Music, Richard Rodgers and Oscar Hammerstein II

Music, Richard Rodgers and Oscar Hammerstein II; stage, Andy Griffith; screen, Bob Hope; television-radio, Arthur Godfrey, Harry A. Overstreet and his wife, Bonaro, authors of "What We Must Know About Communism," were picked as the husband-and-wife team of the year. Actress Gertrude Berg was chosen Woman of the year.

Iran People Prefer Death To Slavery, Shah Asserts

Paris (AP)—The Shah of Iran said his people would rather die free than become slaves.

"If the Russians respect our independence there is no problem," he said.

He spoke in a news conference at the Iranian Embassy, where he has been staying during his private visit to France.

The shah spoke crisply when questioned about possible changes in Soviet policies toward Iran.

"After the last war, we received certain diplomatic notes which were worded as if addressed to a colony," he said. "It would be ridiculous if we became a colony in 1959."

"Even if we may be weaker than other countries, we are entitled to the same rights as the others."

The shah then pointed to airfields on the Russian side of the Iran-Soviet border and the launching pads for missiles and turned to the recent-

ly signed U. S.-Iranian military pact.

"We expressly refused—for reasons of our own—to have launching pads set up in our country and we won't have any atomic bases either," he said. "The Russians should have thanked us for this."

"Instead, we are getting a treatment worse than certain countries that did permit missile bases on their soil."

Morrow Named

Washington (UPI) — John Howard Morrow, a Negro, was nominated by President Eisenhower to be the first U.S. ambassador to the newly-created republic of Guinea in West Africa.

Morrow, 49, is chairman of the department of modern languages at North Carolina College. He formerly was a member of the President's commission on government security.

Gas Tax Collections Up \$1 Million

Motor fuel tax collections for the first 5 months are running almost \$1 million ahead of the same period last year, Motor Fuels Division Chief Inez Lebsack said.

The 5-month total for collection of taxes on gasoline, special fuels and aircraft fuel are \$15,594,222 — \$993,907 ahead of the \$14,600,315 collected for the same period last year.

Gasoline tax collections are \$14,655,070 compared to \$13,777,541 for the 5 months last year; special fuel collections are \$787,492 compared to \$698,608 for the period last

year and aircraft fuel collections are \$151,660 compared to \$124,165 last year for the period.

May gasoline tax collections totaled \$3,619,253 compared to \$2,961,175 in April and \$3,419,712 in May last year.

Honor Arab Bishop

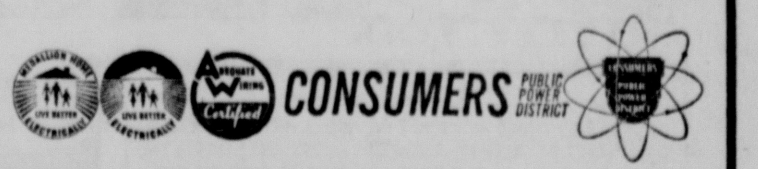

Amman (AP) — Jordan's King Hussein conferred the order of the Star on the Anglican Bishop of Jerusalem at a royal audience. The recipient, Bajib Kubein, is the only Arab bishop in the Church of England.

A's Hit Indians By 7-2

Cleveland (AP) — Bill Tuttle smacked 4 hits—including a two-run homer — to lead the Kansas City Athletics to a 7-2 victory over the league-leading Cleveland Indians Thursday night. It cut the Tribe's margin to a half-game over the runnerup Chicago White Sox.

Southpaw Bud Daley went the route for the Athletics to even his record at 3-3. He permitted 10 hits, but scattered them well. He proved tough at the plate, too, getting two singles — including one that drove in a pair of runs in the second inning. He also got credit for another RBI when he was hit by a pitched ball with the bases loaded in the 9th inning.

Kansas City socked 5 Cleveland pitchers for 14 hits and chased starter Jim (Mudcat) Grant before he could retire a batter in the second frame. Grant suffered his first loss in 4 decisions.

Rocky Colavito's 13th home run of the season cut Kansas City's margin to 3-1 in the second.

POINT BLANK

By Don Bryant

★ ★ ★

Sports Editor, The Star

Skipping Around

Starting with—Tufie Hashem, Pittsburgh's scouting supervisor for this area, was in town for the state high school baseball tourney and reported on Bob Friend, Bucco chucker who can't win for losing this spring.

"He's just running into bad luck," Tufie said. "He doesn't have a lick of confidence after all those beatings. On every pitch he wonders if he's making the right one, and he winds up aiming the ball."

"Bob will come along, but he's got to get his confidence back."

Tufie also reports that Dick Stuart is "changed."

"I talked to him in St. Louis the other night and he's changed—really. He's bearing down and he's not doing quite so much talking."

What's The Use?

What happened to Harvey Haddix shouldn't happen to Nikita Khrushchev—12 innings of perfect pitching and lose. Interesting point may be how the Pirates react. A Bucco win after such a tremendous performance from a newcomer who was expected to help them might have triggered a real surge. The heart-breaking loss — after Friend's miserable start—may be a first-class deflator.

You never know just how a team will react to various incidents.

Incidentally, Sgt. Casey of LAFB—who is still reminding me that I tabbed several Cleveland players as "cast-offs"—reports Haddix credits Lincoln manager Ira Hutchinson with improving his pitching delivery.

Hutch was a coach for Columbus of the International League several years back when Haddix was on the mound staff for the Jets.

Hutchinson recalls straightening out Haddix on a few points, too.

"He was gripping the ball too tightly," Hutch says. "As a result his forearm would tighten up and they'd get to him in the late innings. I got him to hold the ball with his fingertips instead of a full grip."

"Haddix was also letting go of his delivery too far back instead of coming clear through. We got that worked out pretty well, too."

No More Suspense

The cellar-dwelling New York Yankees didn't keep the faithful waiting long. But how many fans remember when Yankees were traded upward in the standings and opponents were given demotions by being sent to New York.

At first look the trade looks like a steal for the Yanks, with Hector Lopez being the key man.

If you hear a strange noise drifting up from the south, it's the hari-kari wails of the Kaycee fans. Lopez has been one of the few roses on the thorn bush known as the KC Athletics.

In recent years, on my frequent excursions to Kansas City, the locals have jawed only about Bob Cerv, Lopez and — for some reason I've never understood — Joe DeMaestri.

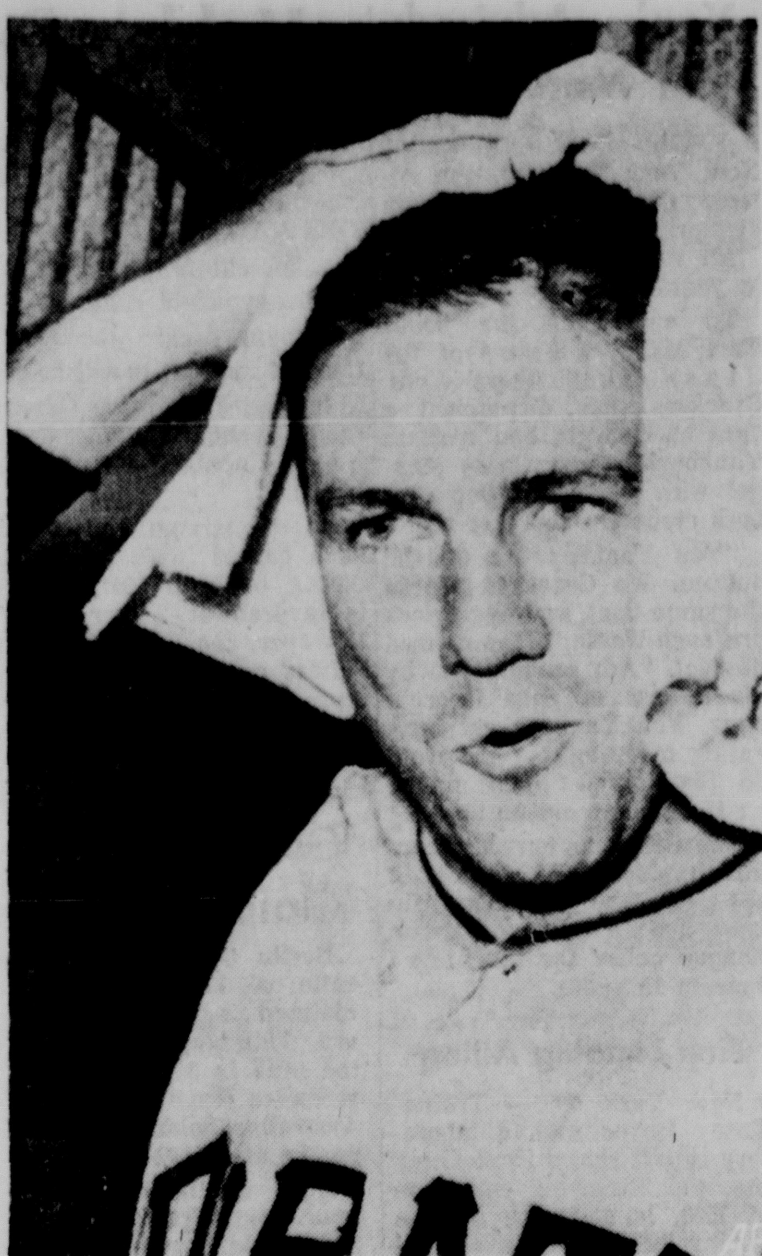

Take a second look and the trade makes sense. KC needs pitching and if Tom Sturdivant and Johnny Kucks would happen to come through the A's would be improved. Jerry Lumpe—while no sensation in the middle of New York's talent pool—is a pretty fair player who could also perform well for the Athletics.

True, you can't help feeling that the A's played cousin to the Yanks again. But after all, KC has to give to get, and did just that, hoping the pitchers make up for the loss of Lopez.

If Sturdivant and Kucks do — and the A's continue winning—the deal will look good. As it is, the deal could benefit both—which won't make Yankee haters happy if the Bombers start climbing upward.

Wonder who the "unnamed player" New York is shipping Kansas City?

He could be the key and change the complexion of the whole deal.

FINALLY . . . says Friend after posting first victory of the season.

Bucs' Friend Gets 1st Win

. . . Blanks Milwaukee, 3-0

Milwaukee (AP)—Bob Friend spun a 4-hit shutout Thursday for his first victory against 7 dismal defeats as Pittsburgh broke Milwaukee's hex and won the last game of a 3 game set, 3-0.

The loss trimmed Milwaukee's National League lead to 2 games over second place San Francisco, which beat the St. Louis Cardinals, 5-4.

Four double plays by his mates helped the Pittsburgh right-hander, who won 22 while losing 14 last season, to break his hard luck string. They eased the pain that two errors behind him might have caused.

The loss, his third against

two victories, went to Joey Jay, who held the Pirates to two scattered hits during his six innings except for three singles in what proved the decisive three-run fifth. Only two Milwaukee runners were left on base before a ladies' day crowd of 12,036 at County Stadium until the ninth, when a budding rally ended with two more stranded.

The Pirates collected seven hits altogether, adding two harmless singles off Jay's successor, Bob Rush. A bright spot on a dark day for the Braves was Henry Aaron's ninth inning single — first hit in 15 at-bats for the league's leading hitter.

Friend struck out five and walked only two, not allowing a Brave to reach third base until the ninth.

A missed chance at a double play by the Braves opened the gates for Pittsburgh in the fifth. Don Hoak and Dick Groat opened with singles, then Friend struck out Joe Christopher walked, filling the bases.

Johnny O'Brien fumbled Bill Virdon's grounder, recovering only in time to get the batter at first as Hoak scored.

All Scores Unearned As Sox Tip Nats 3-1

Washington (AP)—A home run by Vic Wertz in the 8th inning after a two-out error by Reno Bertoia Thursday night gave the Boston Red Sox a 3-1 victory over Washington as Frank Sullivan pitched a two-hitter.

Every run in the game was unearned as Washington's Pedro Ramos got the worst of it in a brilliant pitching duel. In his 8 innings, Ramos yielded only 4 hits and walked two.

The Red Sox got a run in the 5th as Frank Malzone beat out an infield hit, took second on a walk and scored as Senator 3rd baseman Harmon Killebrew let Pete Daley's roller go through his legs.

In the 8th, Ramos easily disposed of the first two batters. Then second baseman Bertoia let Ted Williams' soft grounder bounce away. At this point, the left-handed swinging Wertz lined his 3rd homer of the season into the

Nationalist China Cut From IOC

.. 'Not Representative'

Munich, Germany (UPI) — The International Olympic Committee, bowing to strong Communist pressure, ousted Nationalist China from membership Thursday and paved the way for the Chinese Reds to join as "representative of China," IOC chairman Avery Brundage announced.

The decision by the IOC, top international authority in amateur sports, opened the door for eventual Chinese Communist participation in the Olympic Games for the first time. But it was unlikely that Red China would compete before the 1964 games, scheduled for Tokyo.

Brundage, United States representative on the Olympic committee, told a news conference that Nationalist China was dropped in a decision taken "almost unanimously" by IOC members holding their annual congress here.

The expulsion had been formally requested by Russia. The international committee, however, told the Nationalist Chinese Olympic committee, that it may request admission at a later date, as representative "of Taiwan."

Brundage told newsmen that if Red China re-applies for membership it would be recognized as the "representative of China."

In Washington, the State Department said it was reluctant to believe that the International Olympic Committee had decided to expel the Nationalists. Spokesman Lincoln White termed such a decision "totally inconsistent" with the IOC's previous record of "non-political devotion to the advancement of sport."

The surprise move was taken following a reported warning by Soviet members of the committee that the IOC was facing a "major split and gravest consequences" over the China issue.

Cal Relays Has Fancy Vault Field

Modesto, Calif. (P)—Former Villanova pole vaulting star Don Bragg challenges the world record here Saturday night at the California Relays which lists no less than 7 15-foot jumpers.

Bragg cleared 15-9½ last winter for a new indoor mark, just a quarter inch lower than Bob Gutowski jumped outdoors two years ago.

With the high flying field, meet director Tom Moore plans to start the competition at 13 feet 9 inches, enough to scare off any mediocre jumpers. The bar will start its upward journey at intervals of 6 inches.

The 23-year-old Bragg, now in the Army at Fort Dix, cleared the 15-9½ on Feb. 13 in Philadelphia to erase the world indoor record set by Cornelius (Dutch) Warner-dam 16 years before.

USC freshman (shot putter Dallas Long withdrew from the meet because of a recurrent attack of influenza. Jess Mortenson, USC coach, also down with the flu, said Long's doctor cautioned the athlete to pass up the meet because of the possible danger of pneumonia. Long had his first attack before the Coliseum Relays but competed in Los Angeles to place second to Bill Neider, former Kansan.

Parry O'Brien, now recovered from a hand injury, will compete in this shot and the discus.

Meeting in the 100 yard dash are Texans Bobby Morrow and Bill Woodhouse, both with times of 9.3 equalling the world record, and Californian Ray Norton who also has done it. East Texas State freshman star Sidney Garton, who has a 9.4, was a late entry. He'll compete also in his specialty, the 220.

Morrow and Norton have met twice this year and each has won once.

CHARTING NEBRASKANS IN THE MINOR LEAGUES

(Editor's Note: This is a weekly capsule summary on the performances of Nebraska players in organized baseball which The Star will carry throughout the season).

BATTING									
Player, hometown, pos.	Team, league	ab	r	h	2b	3b	hr	rbi	act.
Dale Bergendoff, Lincoln, infield	Portland, Pacific Coast—AAA	57	9	15	3	0	0	3	.263
Ralph Winters, Omaha, infield	Portland, Pacific Coast—AAA	34	3	8	1	0	0	5	.147

1959 Poor Season For Discus, Good For Shot

(Last in a series reviewing the 1959 track season and the all-time honor roll. Today—the weights).

By Al Beebe

Back in 1952, not a single Nebraska prep discus thrower cracked 150 feet during the season. It happened again this past 1959 campaign.

In between, there was an abundance of illustrious discus tossers in Nebraska. But their lustre failed to rub off on the 1959 crop.

In fact, until the state meet, the top mark was 145 feet and a few inches, which several lads had reached. But Scottsbluff's Ron Veal got off a 148-8¼ effort in the state meet to take top honors.

That mark is far below the 152-2½ throw needed to make the top 25 all-time honor roll. The discus, however, is the only event which produced a new member in the season standings in late, post-state meet affairs.

Steve Hansen of Grand Is-

land threw 144-7½ in the Grand Island Relays, good enough for the 6th position in the season chart.

There was no such dearth of shot putters, with both quality and quantity. An even dozen athletes threw the 12-pound ball 50 feet or more.

Tops among these was the 55-4 effort by Larry Tomlinson of O'Neill St. Mary's, a mark which ranks 4th on the honor roll. And John Beyke of Lawrence, a junior, is 9th with his 53-6 mark.

Tomsen And Bucklin To Head NU Tankers

Frank Tomsen of Omaha and Ron Bucklin of Lincoln have been elected co-captains of the University of Nebraska swim squad by squad members.

The two will serve during 1960. Tomsen is a junior backstroke, Bucklin a junior backstroke and butterfly swimmer.

Season Opening For Auto Races

The Lincoln Speedway will open its 1959 racing season tonight at 8 with an 8-race card.

Feature event will be a 25-lap race highlighting the fastest 16 qualifiers. The races are open to all makes of cars.

Johnny Beauchamp of Harlan, Ia., who lost a disputed decision at Daytona Beach this year, has entered.

The races will continue each Friday night through the summer.

Price British Champ

Ascot, England (P)—Elizabeth Price of England won the British women's amateur golf championship Thursday by defeating Belle McCorkindale of Scotland on the 37th hole of the final match.

Moon Is Commended, Then Sent Homeward

Former athletic director Charles N. Moon received a letter from the state health director Thursday commending him for his long and faithful service during the past 18 years. Then he cleaned out his desk and went home.

Moon was discharged by the Board of Health two weeks ago from the position he held as administrative assistant to Dr. E. A. Rogers. Moon could not qualify for a merit system post because he is over the 65-year retirement age.

Dr. Rogers said his further employment would have jeopardized federal funds.

Weather Bureau Report Lends Hope At Classic

Indianapolis (P)—Thunder-showers are still in Indiana's Memorial Day weekend weather bureau outlook, but the weather bureau said they are most likely to come in late afternoon or early evening.

The evening shower pattern brightened the chances for the running of the 500-mile Memorial Day auto race. The race has been postponed only once—in 1915—since it was first run in 1911.

LINCOLN TEAMS RIFLE WINNERS

With scores of 899 and 791 respectively out of a possible 1000, Lincoln J630 Senior Team and Lincoln J622 Junior Team were winners of the 1959 District Boys of Woodcraft Indoor Rifle Championship tournament held at the Military Science Building, University of Nebraska.

High individual scores were won by Gary Butcher, Sr. Club J644, with an average score of 96 points, and David Griffith, Jr. Club J622, also with an average score of 96 points.

Second place in the Senior Division was won by Lincoln Club 622 with a score of 896

and 3rd place was won by Lincoln Club 644 with a score of 852. In the Junior Division, Lincoln Club 623 placed second with a score of 790 and 3rd place winner was Club 644 with a score of 775.

Competing in this district championship were clubs from York, Beatrice, Nebraska City and Lincoln.

Don't Fret About the High Cost of Driving

Who, Me?

My Spring House Cleaning Is Done!

And you know I've sold all those don't needs with a low cost Journal and Star Want Ad. You know the things I mean. They're the things I have dusted around for years thinking I was going to use them again. I never did though. I don't think one ever does. So, this year, I sold all of them. The people that bought them were tickled pink. I feel pretty good doing this and its easy too. I just phoned my ad in. A courteous girl helped me word it. It's just that easy. Why not sell your "don't needs" this year with a Journal and Star Want Ad? Just Dial 2-3331 or 2-1234 and ask for Want Ads.

SPECIAL QUALITY

No matter where you buy, you can't find better gasoline. Derby is engineered, from the finest crude, to match the industry's highest specifications. Every dollar you invest in Derby Gasoline gives you full value in power and economy... regardless of make, model or year of the car you drive.

SPECIAL SERVICE

There's a lot more to car maintenance than simply filling the tank. Your Derby dealer knows the value of the "ounce of prevention", and his care can save you money. He'll service your battery, your radiator, your tires and your crankcase as though they belonged to him... and you'll never leave with a dirty windshield.

SPECIAL ECONOMY

The price you pay for gasoline is only the beginning of economy. Cost doesn't mean much if you don't put star performance with it. Here's where Derby really shines. Derby gets the best out of every car. That's the true meaning of economy.

THESE COURTEOUS LOCAL SERVICE STATIONS RECOMMEND AND SELL DERBY PRODUCTS

Visit the one in your neighborhood today and see how he puts extra value in every Derby Dollar!

Holdrege Receives Second Busload Of Mexicans To Work Beet Fields

Holdrege, Neb. (AP)—Second of two busloads of Mexicans arrived in Holdrege this week to work in the beet fields. The bus carried 56 men. Another busload came in last week boosting to 120 the total of such workers imported to thin and weed sugar beets in the area from Bertrand to Axtell.

The laborers were sent here from the El Paso, Tex., government labor camp and will spend 6 weeks in the area. After they have finished in this area they will be processed at Ft. Lupton, Colo. and may be re-contracted to other companies. They were brought here by the Great Western Sugar Co., which contracts for the beets of this area.

The Mexicans work at a rate set by the Department of Agriculture which ranges from \$10 to \$25 an acre. Most of them will take home or send home \$250 to \$350 for the 6 weeks of work. Each will handle about 15 acres. Great Western brings into this country 7,000 to 8,000 such workers. The farmers for whom they work furnish housing for the laborers.

Jerry Reed of Holdrege, field man for the Great Western, and Lester Garner of the Sterling, Colo., district, said the beet crop in this area is getting a good start. The stand is a little thin but uniform and growing well.

Same Song, Same Verse—Rain

Fair weather will prevail over the entire Atlantic seaboard Friday as well as the southwest and Pacific northwest. Rain is expected from the Appalachians westward to the middle and lower Mississippi Valley, central and southern Plains and northern Rockies. It will be cooler over New England and upper Mississippi Valley; warmer in the Great Lakes area and Pacific Coast states. (AP Wire-photo Map)

12 & "N" THE SAFETY CORNER OF LINCOLN 2-1088

Omaha Bread Production Continuing

Omaha (AP)—Spokesmen for the 4 struck Omaha bakeries said Thursday production is continuing with supervisory personnel, and deliveries were being made to stores.

Bakery officials and spokesmen for chain grocers doubted there would be a major shortage. The chain grocers reported there was no big run on bread but some independents observed heavier buying.

The struck bakeries are Peter Pan, Omar, Continental and the Schulz division of the Interstate Baking Corp. Some were reported bringing in employees from out-of-town branches.

Hunting Rabbits Fatal For Youth

Lexington, Neb. (AP)—An accidental gunshot wound in the leg while hunting rabbits has proved fatal to a 14-year-old Duane Zimmerman.

He was hunting when he accidentally shot himself in the left leg. He died after reaching a hospital due to loss of blood.

Survivors include his parents, Mr. and Mrs. Harold Zimmerman, 3 sisters and one brother. Funeral services will be Friday at Lexington.

200 Appaloosa Horses In Atkinson Auction

Atkinson, Neb. (AP)—About 200 registered Appaloosa horses will be sold at auction June 3 at the Charley W. Peterson ranch south of Atkinson.

Some of Appaloosa's also are expected to be on display during Atkinson's Hay Days June 24-25.

Spelts Issues Plea Against 'Gang Primaries'

Grand Island, Neb. (AP)—A plea against what he calls "gang primaries" for the Republican party in 1960 was issued Thursday by Richard E. Spelts, Republican state chairman.

His statement follows: "Gang primaries can cripple GOP possibilities in 1960. The Republican party must appeal to Nebraska voters in November, 1960, with the strongest possible candidates. The foolish waste of funds and effort by many candidates seeking nominations can be controlled only by office seekers themselves. It does little good to finish second in a general election which is initially caused by the nomination of a locally popular candidate with minority vote in a mass primary effort. Potential candidates must not interpret the enthusiasm by a few as a statewide groundswell.

"A contested, energetic primary by a few is healthy for any political party and is necessary. The only justification for a non-contested primary is when a prominent officeholder, who has given outstanding service, seeks reelection to continue this fine quality of service.

"A statewide sweep for the GOP in 1960 is possible, but this possibility rests in the hands of potential office seekers in being honest with themselves as to their voter appeal."

Stonecipher Resigns Cheyenne Co. Post

Sidney, Neb. (AP)—Assistant County Agent Charles Stonecipher has resigned and will leave June 5 for 6 months active duty with the National Guard.

He coached the Cheyenne County 4-H range judging team to the district and state championships last fall.

Industrials Hit Record Highs

New York (AP) — Industrials moved to a historic peak Thursday but the overall stock market still remained below record highs.

A decline by utilities and an indifferent performance by rails left the list as a whole with only an insignificant gain.

An oddity was that of the entire 1,204 issues traded, losers outnumbered gainers by 566 to 486, new highs for the year totaled 36 and new lows 38.

Selective strength among key industrials put this section at a record. The market as a whole was hesitant and irregular.

Volume remained at the comparatively low figure of 2,570,000 shares compared with 2,800,000 Wednesday.

The Associated Press average of 60 stocks achieved a modest rise of 20 cents to \$229.50, with a jump of \$1.20 by the industrials putting that composite at a new high. The rails edged ahead 20 cents while utilities fell 60 cents.

The Dow Jones industrial average advanced 2.50 to a record 639.58, topping the previous mark of 637.04 reached May 14. The Dow Jones composite of 30 industrials, rails and utilities advanced 2.50 to 218.25, failing to make a new high.

For favored stocks trading interest ran quite high and much of the feeling was optimistic judging by the fact that 12 of the 15 most active stocks advanced. Only one declined, Sperry Rand, while two unchanged.

Corporate bonds were mixed. U.S. government bonds were mostly firm in quiet dealing.

Bond sales totaled \$5,030,000 par value. The Sunday Journal and Star delivered 14,000 copies.

Full of interesting and timely features. You'll like the sports section too.

APPLIATE
ASSOCIATION OF LINCOLN

Cardinal To Visit U.S.

Vienna (AP) — Franz Cardinal Koenig, Archbishop of Vienna, leaves here next Tuesday for New York to visit Francis Cardinal Spellman and go on to South Bend, Ind., for an honorary doctorate from Notre Dame.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, June 10, 1959, for the construction of the alley paving in Alley Paving District No. 266, being the alley between "O" and "P" Streets and between the east line of 22nd Street and the west line of 23rd Street, according to the plans and specifications of the City Engineer on file in the office of the City Engineer.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

Each proposal must be accompanied by a certified check for Five Per Cent (5%) of the total amount bid, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

HAROLD W. SPRINGER, City Clerk

NOTICE TO CONTRACTORS

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, June 10, 1959, for the construction of the paving in Paving District No. 1604, being in 68th Street from City, according to the plans and specifications of the City Engineer on file in the office of the City Engineer.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

Each proposal must be accompanied by a certified check for Five Per Cent (5%) of the total amount bid, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

NOTICE OF HEARING

Notice is hereby given that the Board of Zoning Appeals will hold a public hearing on Wednesday, June 3, 1959, at 2:30 p.m., in the City Hall, Lincoln, Nebraska, to consider the following appeals:

1. Appeal of Alex J. P. for a waiver of front-yard requirements to permit construction of an addition on front of house located on the North 41st Street, street address of which is 2774 South 38th Street.

2. Appeal of Leon B. Roney for a waiver of the provision of the zoning ordinance that no accessory building shall be constructed upon a lot until the construction of the main building has been actually commenced, to permit building a garage at 1717 North 32nd Street.

3. Appeal of Culbertson, Roe & Bell, Inc., for a waiver of the provision of the zoning ordinance that no property shall be subdivided into lots of less than 30 feet in width, to permit the construction of a small duplex on the North Half of Lot 34, N. W. Holmes 2nd Addition, the street address of which is 1207 Stillwater.

4. Appeal of Hubert Sear for a waiver of side-yard requirements to permit construction of an addition to existing motel located on the NW 1/4 of Section 13, T-10-N, R-6-E, Lincoln, Lancaster County, known as 1717 Cornhill Highway.

written statement of the charges against him and a hearing, which shall be a public hearing if he so requests.

Sec. 2202. The members of the Board of Zoning Appeals shall meet at least once each month at such time and place as they may fix by resolution.

Sec. 2203. The Board shall select one of their members as chairman, who shall serve one year and until his successor has been selected. Special meetings may be at any time by the chairman. A majority of the Board shall constitute a quorum for the transaction of business, and three affirmative votes shall be required for final action on any matter acted upon by the Board. The Board shall cause a proper record to be kept of its proceedings.

Sec. 2203. (a) Appeals to the Board of Zoning Appeals may be taken by the person aggrieved or by any officer, department or bureau of the City of Lincoln affected by any decision of the Building Inspector. Such appeal shall be taken within a reasonable time by filing with the Building Inspector a notice of appeal specifying the grounds thereof. The Building Inspector shall forthwith transmit to the Zoning Board of Appeals all the papers constituting the record upon which the action appealed from is taken.

(b) Upon receipt of the appeal by the Board, the Board shall fix a reasonable time for the hearing thereon within thirty (30) days. Notice shall be given as provided in Article XXVI hereafter.

(c) If due to the absence of one or more of the members of the board any proposition put to a vote shall fail to receive three or more votes either for or against, said proposition shall be deemed to have received neither approval or disapproval.

(d) A fee of Ten Dollars (\$10.00) shall be paid to the City Clerk at the time the notice of appeal is filed to be credited to the general fund of the City of Lincoln.

Sec. 2204. The jurisdiction of the Board of Zoning Appeals shall be limited to the following:

1. Powers Relative to Errors. To hear appeals where it is alleged there is an error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this ordinance.

2. Powers Relative to Variances. To hear and decide upon petitions for variances and subject to such standards, principles and procedures provided in this ordinance, to vary the strict application of the height, area, parking, or density requirements to the extent necessary to permit the owner a reasonable use of his land in those specified instances where there are peculiar, exceptional, and unusual circumstances in connection with a specific parcel of land, which circumstances are not generally found within the locality or neighborhood concerned.

3. Powers Relative to Exceptions. Upon appeal, the Board is hereby empowered to recommend the following exceptions:

(a) To permit the extension of a district where the boundary line of a district divides a lot in single ownership as shown of record.

(b) To permit the reconstruction of a non-conforming building which has been destroyed, or partially destroyed, by fire or Act of God where the Board shall find some compelling public necessity requiring a continuance of the nonconforming use.

(c) To permit the erection and use of a building or the use of premises in any location for a public service corporation for public utility purposes which the Board deems reasonably necessary for the public convenience or welfare. Such uses lawfully existing on the effective date of this ordinance shall be deemed to have received such a permit, shall be provided with such a permit by the Building Inspector upon request, and shall not be nonconforming uses, provided, however, that a permit shall be required for the enlargement, extension or relocation of any of these existing uses.

(d) To interpret the provisions of the ordinance where the street layout actually on the ground varies from the street layout as shown on the map fixing the several districts, which map is attached to and made a part of the ordinance.

Sec. 2205. In exercising the above mentioned jurisdiction such Board may, in conformity with the provisions of this ordinance, reverse or affirm, wholly or partially, or may modify the order, requirement, decision, or determination appealed from and may make such recommendation as ought to be made. In considering all appeals under this ordinance, the Board shall, before making any finding in a specific case, first determine if the proposed change will not constitute a change in the District Map and will not impair an adequate supply of

light and air to adjacent property, or increase the congestion in public streets, or increase the public danger of fire and safety, or materially diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals and welfare of the City of Lincoln. Every change recommended by the Board shall be accompanied by a written finding of fact based on sworn testimony and evidence, specifying the reason for granting or denying the variation.

Sec. 2206. Recommendations of the Board of Zoning Appeals, accompanied by the written findings of fact, shall be transmitted to the City Council by the Board within one week after such actions have been taken. The City Council shall not take final action on the recommendations of the Board without holding one or more public hearings, due notice of which shall be given as provided in Article XXVI hereafter.

Section 2. That Article XXII of Ordinance No. 5636, Sections 2201 through 2206, passed November 2, 1953, as amended by Ordinance No. 6232, passed April 9, 1956, and Ordinance No. 6425, passed July 23, 1956, and Ordinance No. 6489, passed November 13, 1956 and all other ordinances and parts of ordinances in conflict herewith be and they hereby are repealed.

Section 3. Whereas, an emergency exists this ordinance shall take effect and be in force from and after its passage and publication.

Introduced by A. DuTeau
